SALES TAX 'RAILROADED' THROUGH BY CITY

Unveil 2 Freeway Routes

Businesses, Homes Are Threatened

State's plans for two alternate freeways, one which would cut some $1,000,000 in commercial property from the city's tax roll and another which would wipe out most of the homes on North Mayfair avenue were revealed by the council Monday.

The council went on record as opposing both routes.

According to plans divulged to the council last week, one route calls for a 10-lane freeway to traverse the present Junipero Serra boulevard, while an alternate would proceed along the present Alemany extension, enveloping most of the residential property on North Mayfair. Both routes would connect San Francisco with Skyline boulevard. The Alemany route would include a 40-foot ramp at the intersection with Junipero Serra.

The ramp would extend from that point to approximately Manchester drive, from where the freeway would continue to Skyline, according to Councilman Francis Pacelli, one of several city officials who met with the highway department last week.

"Shocked"

Pacelli said he was "shocked" at the routes and what they would do to the city's residential and commercial property.

The Junipero Serra alternate would eliminate numerous businesses along the right of way and would cut into the McKeon's St. Francis Heights subdivision, Lake Merced Golf Course and, probably, the Cae-

BACKYARD shot of residence at 10 Skyline drive in Palisades shows damage caused by earth slide late Thursday night. Patio at home of John R. Minges was in a precarious position until Doelger company workmen rushed in to correct the situation. Torn-loose storm drains on the slope overlooking Coast Highway have been replaced and the re-fill operation continues. The Minges held their ground throughout the emergency. THE RECORD photo

A 16-page section on the 1958 Westlake Auto Show appears in this week's edition of THE RECORD.

The special section features all the news and pictures on innovations in the 1958 American product and foreign cars, as well as data on the firms making the display possible.

Extra copies of the 1958 Westlake Auto Show Edition are available at THE RECORD office, 3317 San Jose avenue, Daly City.

The Auto Show starts next Wednesday, February 5, and continues through Saturday, February 8. Admission is free.

The Town Record

By Monte Dayton

Man-about-town LEON HURST, dealer in salvage, stocks and a glorified assortment of miscellany, came across something not even in his bailiwick Monday.

Hurst, 109 Parkview avenue, found a live pheasant in the back of his pick-up truck.

Leon would like some suggestions on what to do with this bird in hand.

It could only happen to a coach:

JIM ORLICH, son of Jeff physical education head man, MIKE, pulled a "wrong-way Corrigan" Saturday.

The Ben Franklin school boy, playing in the sixth grade league at War Memorial, scored a basket for the other side.

2240-POUND BLAST

'Mushroom' Downs DC Theater

A three-foot steel "mushroom" began finishing yesterday what television started a decade ago as the massive weight banged against the walls of the Daly City Theater building, a Daly City landmark.

The theater, constructed prior to 1920, will be leveled to the ground to make way for a $500,000 super market, to be built by Pacific Markets of Oakland.

A 2240-pound inverted mushroom shaped piece of steel, swung from a cable on a 65-foot crane, will have the building leveled to the ground in from three to four weeks. It'll take another couple of weeks to clear up the debris, according to a worker from the KTK wrecking company, subcontractors on the job. Ed Smith is general contractor for the supermarket project, which is scheduled for completion in July. The store will have 15,000 square feet and parking for 75 cars.

Flourishing Business

The theater, owned by Excelsior Amusement Co., was for nearly three decades a flourishing business, scene of the town's annual Christmas parties and virtually the cultural center of the community. City Clerk Evelyn Mosman, pioneer resident here, reminisced: "If you wanted to go to the show, you had to get there early to get a seat."

All this changed in the late 1940s, as television and newer first-run theater houses made their inroads. The marquee was often askew, the giant sign above the building deteriorated, and the building became rundown.

For Rent

In 1953, after being completely closed for some time, the theater opened on weekends, but the box office take barely paid costs and eventually the theater was abandoned, to be later rented by churches and business groups.

The Pacific Markets firm had first intended to renovate the historic structure, but engineering estimates showed that costs of renovating would exceed that of constructing a new building.

The city clerk's records go back to 1920, and the building was constructed before that time, although it did undergo renovation many years later.

That unceasing "boom" you'll hear for the next few weeks marks the swan song of an important Daly City landmark.

State Schedules Showdown Meet On JESD Loan

State officials set February 19 in Sacramento for a showdown on Jefferson Elementary school district's $267,000 loan for the M. Pauline Brown school site, following a meeting here Tuesday of all parties involved in the controversy.

Granting of the loan was postponed January 18 after Sen. Richard Dolwig challenged the Daly City district's plan for a 10-acre site before the State Allocations Board.

How It Started

The fuss developed over the district's inclusion of the one-acre Schenone nursery property as part of the site. Dick Lyons, attorney for the Schenones, and Dolwig are attempting to get the district to exclude the nursery land, either by picking up the one acre in another direction or by settling for a smaller site.

Officials of the state departments of school planning and finance met with Dolwig, Lyons, and school district representatives here Tuesday.

District officials agreed to make additional alternate site plan studies as requested by Lyons. He, in turn, was requested to provide data at the February 19 meeting to docu-

(Continued on Page 2)

Etcheverry Named To Plan Board

Bernard Etcheverry, 35-year-old Westlake attorney, was named Monday to fill vacancy on the planning commission created by resignation of Julian Cohn.

Etcheverry, 344 Belmar, is married and has three children.

BERNARD ETCHEVERRY
... Named Planner

A practicing attorney in Westlake for five years, Etcheverry served as president of the Westlake Business & Professional association last year and is a member of Kiwanis, North San Mateo County Bar association and San Mateo County Bar association.

He was graduated from University of California and the law school at Boaldt hall and was admitted to the bar in 1949. His wife, Mary, is also an attorney but does not practice at present.

This is Etcheverry's first appointment to a public position.

He is an associate of city attorney Paul Hupf in the Westlake building.

Morgan Starts Paperwork For New Architect

Supt. Ed Morgan of the high school district has mailed questionnaires to several architectural firms to help the board of trustees select an architect for the fourth high school, to be located in Linda Mar.

Trustees will review the returned questionnaires at their February 10 regular meeting and determine which firms will be called in for interviews.

The board last week voted to exclude their present architect, Mario J. Ciampi, from consideration in the Linda Mar project because he has a heavy work load and because they believe other firms should be encouraged to compete for district work.

At Monday's board meeting, trustees passed a resolution allowing the district to continue its policy of fingerprinting all new classified employees. Un-

EDITORIAL

SALES TAX REVERSAL A MUST

Daly City residents have suddenly, without omen or warning, found themselves faced with the prospect of paying a one-cent city sales tax, starting in mid-March.

In a most offensive political maneuver, three members of the council put over the sales tax Monday night. The Citizens Opposed to Sales Tax were off guard, having waged an apparently successful battle against the sales tax nearly a year ago.

No advance notice was given to the press that the subject would come up Monday. Even the two councilmen voting in the minority were unaware that the issue would be joined with such finality.

The formality of passing the sales tax ordinance will take place February 10. Thirty days from that time the ordinance will take effect.

There is little chance that the three councilmen who supported the sales tax resolution of policy will change their minds. But local citizens, business and civic leaders will undoubtedly display the overwhelming sentiment of the angered public at the February 10 second reading of the ordinance.

Spokesman Del Wilson says the sales tax will raise $264,000 a year in revenue for the city. Under the resolution of policy, one-half this money would go to the capital outlay fund, the remainder to reducing the property tax "to the fullest extent possible."

This latter vague generalization could well mean no decrease in property tax when budget time comes around later this year.

The city's administration, described Monday by Councilman Micheal De Bernardi as "top heavy" will undoubtedly siphon off the increase in revenue with a proportionate increase in the executive ranks.

We can visualize the city manager rubbing palms together with glee at the prospect of another $132,000 to surround himself with titled and high-salaried subordinates.

The city manager system here has become synonymous with extravagance on a level never before witnessed by Daly City taxpayers.

The sales tax is an outgrowth of the city manager's wasteful policies.

The majority of the council has blindly followed Howard Stites' recommendations, without recognizing the wants and needs of the public.

As a result, the council has erred consistently in policy matters.

Monday was the final straw in the thinking of many local citizens.

Gas Man Sells 1129 Gallons To Aid Polio Drive

Gas man Joe Lewkowitz's tenth annual "Polio Day" Sunday at his top of the hill station brought about $565 to the March of Dimes campaign.

The Richfield dealer, flooded by more than 350 cars, reported that 1129 gallons were sold. His five-cent profit on each gallon went to the polio fund.

Assisting Lewkowitz were high brass from the Richfield company, DC-Colma Lions

(Continued on Page 2)

Pool Hall Thief Pockets $1000

A burglar who climbed onto the roof and entered through a lightwell took an estimated $1000 cash just past midnight Tuesday from the Daly City Billiard Hall, 6380 Mission street.

The theif grabbed a canvas bag containing $375 in change from a storage room closet, pried three pin ball machines in the main part of the building to get about $400 in nickels, and raided the cash register.

Owner Kenneth Bassler said the intruder probably left the same way he entered.

Ambulance Hit While Carrying Accident Victim

An MD ambulance carrying an injured woman from the scene of a two-car crash at Skyline and Alemany was struck by another auto shortly before noon Wednesday at the Alemany-Lake Merced intersection.

The second collision put the ambulance out of commission, but none of its passengers was injured, and Mrs. Rosemae Draper, 59, hurt in the first accident, was taken to Junipero Serra hospital in another ambulance.

Edith Berry, 322 Westlake

TIME-WORN Coast Highway, due to be abandoned by the state in April, was blockaded three days last week by another earth slide, just below Thornton bluffs. Highway crews eliminated the obstruction Friday, and traffic again rolled Saturday morning. Daly City would like to maintain the road—after the state bows out—for access to its garbage dump near Mussel Rock.

THE RECORD photo

Surprise Maneuver Wins Majority Vote

In a surprise and a direct "against the will of the people" maneuver Monday, the city council adopted resolution to institute a one-cent sales tax in Daly City and introduced an ordinance that could make the extra levy take effect on March 14.

There had been no advance notice of the sales tax issue, one that had been hotly debated but subsequently dropped in a series of hearings last year.

The resolution of policy to adopt the sales tax pased by a 3-2 margin, Councilmen Sanford Vickers and Micheal De Bernardi opposing the measure.

Councilman Del Wilson introduced the ordinance to establish the sales tax. It will come up for second reading and adoption on February 10. Thirty days from that time the sales tax would take effect..

Councilman Del Wilson, championing the sales tax in a 45-minute speech, said the measure would result in $264,000 revenue annually to the city, claiming one-half the funds raised from the tax would go to the capital outlay fund, the remainder "to reducing to the fullest extent possible" the real property tax.

De Bernardi objected strenuously to the latter statement, claiming that there would be no decrease in property taxes and that the money would be "dumped" into the general fund for more administrative costs. "If the trend keeps going," he said, "the 50 per cent will never lower property taxes. It will just make more money for top heavy government." He declared that before a sales tax was ever adopted, the city should "look over its entire administrative program and start cutting."

Asks Delay

He also suggested that the sales tax issue be held up pending a report from the citizens steering committee, which is drafting a priority plan for capital outlay projects and which should, according to De Bernardi, formulate methods of financing these projects.

Councilman Francis Pacelli moved the resolution of policy for the sales tax, Wilson seconded.

A move by De Bernardi and seconded by Vickers to table the resolution failed, 3-2, after which the resolution was passed by the same margin, Wilson, Pacelli and Mayor Joseph Verducci providing the necessary margin.

De Bernardi then moved that the sales tax issue be placed on the ballot as a referendum to the people. This also failed, 3-2, with the voting line-up the same.

Small Audience

The small audience on hand contrasted with the jam-packed turnouts at previous sales tax discussions. Even Vickers and De Bernardi said the topic caught them by surprise, and Vickers said the sales tax vote was "going against the will of the people," since at a hearing

(Continued on Page 2)

5 Council Hopefuls Thus Far

Five candidates, two of them incumbents seeking re-election, have taken out papers for the April 8 council election, City Clerk Evelyn Mosman reported today.

Councilman Del Wilson thus far is the only candidate who has officially filed. He did so last Friday.

Deadline for hopefuls to return their papers to the city clerk is noon on February 13.

Incumbents Sanford Vickers and Micheal De Bernardi also will be in the race. Others who have taken out papers are Fred Bertetta, of Westlake, former councilman, school trustee, and former member of the planning commission; Joseph Lewkowitz, service station proprietor and school trustee who was an unsuccessful council candidate at the last election, and Edward Murphy, Westlake realtor and director with the Westlake Improvement Association.

Registration deadline for voters is also on February 13.

City Tax System 'Unfair'

City taxes on residential properties in Daly City have been increased in varying amounts ranging from 9 to 45 per cent for the current 1957-58 fiscal year, while at the same time city taxes on commercial properties have been decreased in varying amounts up to 38 per cent. Most of the higher residential increases are in the Westlake area.

This was brought out last Thursday at a meeting of the Taxpayers' Protective Association, held at the Westlake Subdivisions Clubhouse, 95 South Mayfair avenue.

Twenty-five sample properties, selected at random, were used for comparative purposes, showing Westlake residential increases ranging from 18 to 45 per cent; Hillside residential samples showed increases of 23 and 45 per cent; Crocker tract, 9 per cent, and Callan Heights 13 per cent increase.

Commercials Benefit

The amount of decrease, on eight commercial property samples, was four and a half times more than the amount of increase on 17 residential samples, showing that, although residents will pay higher

USINESSES, HOMES ARE THREATENED

(Continued from Page 1)

sar-Callan $5½ million apartment project, now on the drawing board.

Mayor Joseph Verducci said he was 'aghast" at the routes and declared that "we have a moral responsibility" to block the state's plans.

He instructed City Manager Howard Stites to obtain all pertinent maps and facts so that the city can prepare a formal resolution of opposition to the routes.

Other Action

In other action Monday, the council:

1. Awarded contract supplying gasoline to Tidewater Associated, which submitted low figure of 22.09 cents per gallon for ethyl.

2. Decided to hold over advertising for bids on Market street improvements until April, to determine if the county will allocate 25 per cent to the project.

3. Tabled recommendations from the planning commission for variances on Caesar-Callan apartment project pending receipt of written agreement from the firm on improvements it intends to provide.

4. Tabled recommendation from planners on rezoning Henry Doelger's Warda parcel to commercial status; also tabled action on proposed vacation of Hanover stret; and approved vacation of portions of Hill street.

Westmoor Complaint

5. Received copy of letter to Doelger from homeowners in the Westmoor area, asking compensation for damages to their homes because of heavy construction on the south side of Westmoor. There were 25 signatures on the letter.

6. Heard report from former mayor Paul Green on discrepancies in valuation of residential and commercial properties (details elsewhere in this section).

7. Heard Stites claim that he had not informed City of Pacifica that Daly City would maintain Coast highway, but only that portion south of the Mussel Rock dump.

The Town Record

(Continued from Page 1)

He got confused when the teams changed directions and plunked in a field goal through the wrong net.

'BEARTRACKS' MACK, the town's knight of the road, got another stretch in county jail last week by edict of Judge THOMAS BOCCI.

Henry, as Mack is less commonly known, told ofifcers this would be his last caper in the clink.

Some scalliwag hinted that Beartracks might run for council on the people's choice ticket.

Sgt. DAVE HANSEN of the DC police has switched military horses.

The former leatherneck vet of the South Pacific and Korean campaigns is now a first sergeant (reserve) with the California National Guard.

Dave picked up three stripes in the process. He was a buck sergeant in the Marine parttimers, now becomes a first sergeant.

Anybody got any doubts that Sgt. Hansen is a sergeant?

BILL STRASSBURGER JR., a serious young man, recently quit a high-powered University of California fraternity, too unable to countenance all the Greek horseplay.

He joined the frat with TOM CLOUTIER and MIKE WEDLAKE, also members of Jeff High's 1957 championship baseball team.

All three will be trying out for the Bears frosh club this spring.

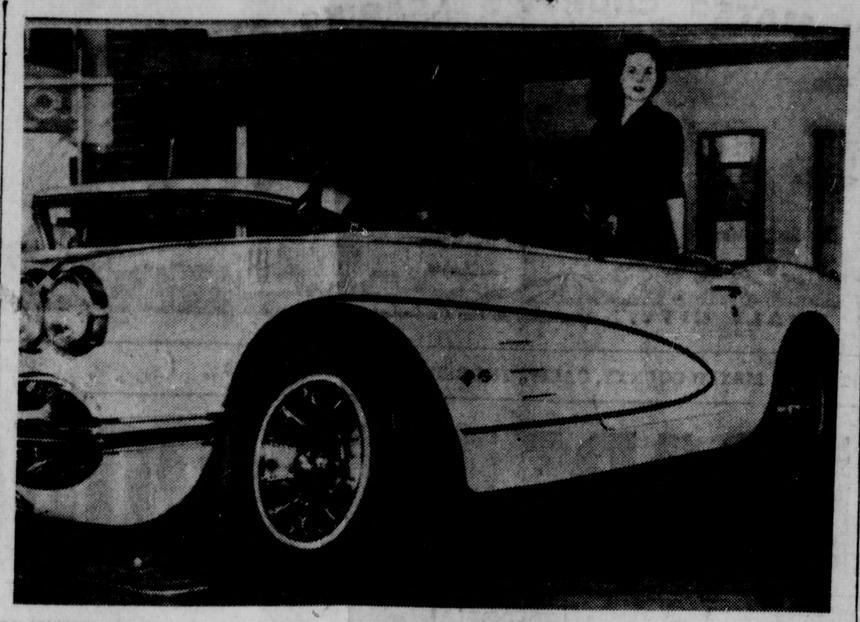
Bill's dad, a Brisbaner, was quite a sports celebrity at Jeff himself not too many moons ago.

WESLEY JAMES, a former Daly Cityan, is kind of mad at his old home town.

Parked his car at 261 Los Olivos, returned to find that the twisted metal bars protruding from the sidewalk (on loso many DC streets), had punctured his brand-new tubeless tire.

He's filed a claim with the city for $30.85.

If you've ever had a tire suffer the same fate on a Daly City "iron" curb, you can understand why.



BEAUTIES, BOTH — Shirley Fischer, Westlake Bank of America employee, complements the lines of the 1958 Corvette, to be displayed at the Westlake Auto Show next week by Gateway Chevrolet. More than 150 cars will be on display next week, Wednesday through Saturday, at Westlake's second annual auto show.

Surprise Maneuver Wins Majority Vote

(Continued from Page 1)

last year out of 150 persons present, only three backed the sales tax.

Julius Castelan, former city engineer, said the sales tax would cost each family about $35 a year and that it was a "subterfuge." He and school trustee Joseph Lewkowitz both urged that the sales tax be placed up to the vote of the people.

City Attorney Paul Hupf said the sales tax may not come under matters that can be put to a referendum vote, being a budget function under the discretion of the city council.

Wilson introduced the sales tax ordinance, over vehement protest of Vickers, who said such action at the present time was "out of order." He called for more study.

Gas Man Sells 1129 Gallons To Aid Polio Drive

(Continued from Page 1)

were co-sponsors of the event again this year.

"The 1129 gallons were the most I have ever sold for polio," enthused Joe. "Pretty fair mark considering it was a rainy day."

Lewkowitz will turn over his polio day proceeds this Friday to Mrs. Sanford Vickers, chairman of the DC-Colma March of Dimes drive and Mothers' March.

Aluminum has developed from the status of a laboratory curiosity to a commonly used metal within less than 100 years.

State Schedules Showdown Meet On JESD Loan

(Continued from Page 1)

ment his claims that the district would be better off financially and still able to get a suitable site if it stayed off his client's land.

'Costly'

Lyon's chief charge is that the assessed valuation of the Schenone property is much higher than the district reports it, suggesting that it would be a costly expenditure. He repeatedly has charged that other landowners in the area, including trustee Michael Callan, had been bypassed by the trustees in their move for the acreage.

At Sacramento meeting next month, the department of finance will present its recommendation on the Brown site to the Allocations board.

San Mateo county supervisors Tuesday pledged their support to the Jefferson district in its efforts to settle the Gen. Pershing site controversy with San Francisco officials. The supervisors said they would have the joint SF-San Mateo county committee "carefully pursue the matter."

3 SF Acres

The JESD's bid for the 10-acre site is opposed by SF because three of the acres are in San Francisco. Majority of the landowners on the SF side, however, appear willing to negotiate, according to JESD Supt. H. Z. Weibel.

Again, as in the Brown site feud, the JESD's plan for 10 acres has been challenged. The oppositionists feel the JESD can get along with smaller school sites.

The Daly City school board last week in regular session reiterated its stand on the White street extension, which would link Broadmoor to Westlake.

Trustees are on record as favoring the county plan for the extension as drawn up with builder Henry Doelger, but with the provisions that retaining walls will be built, a large underpass must be installed between Garden Village and Ben Franklin school playgrounds, and that a 60-foot right-of-way be granted the district.

The board withdrew its earlier protest to the county against the extension, explaining that they were able to expedite four new school sites with Doelger by favoring the White street extension, provided the provisions as designated by the trustees would be carried out.

Morgan Starts Paperwork For New Architect

(Continued from Page 1)

der new state law, a fee of $2 for each individual processed is necessary, going from the district's general fund to the fingerprinting agency.

Trustees also authorized a leter to Richard D. Snell and Frank R. Boskey, the district's two full-time maintenance workers, rejecting their request for higher pay.

The pair, making their request through the JUHSD Employees' Association, felt that the present salary schedule should be adjusted "to give any individual capable of passing a journeyman's exam, after he has been employed by the district for five full years, the same monthly additional revenue as is granted the district's buildings, grounds, and transportation supervisors."

Trustees ruled that modifying an adopted salary schedule in the middle of the school year is poor policy, and "inasmuch as the present salary schedules were presented to the board by the Employees' Association, to change the schedule without careful study would be establishing a dangerous precedent."

MESDAMES Henry Theimann Jr., Mrs. Alfred Morch and Mrs. Anthony Cain, are three of the 18 models who will appear at the Holy Angels Women's Guild annual fashion show at Riordan High school on February 8. According to Mrs. Alfred Padreddi, ticket chairman, there are still a few reservations available and may be made by calling her at PLaza 5-4474.

CITY TAX SYSTEM 'UNFAIR'

(Continued from Page 1)

on their homes, the net revenue to the city will not show a corresponding increase, with commercial property owners benefitting at city expense.

Robert Bridges, one of the spokesmen for the taxpayers' group, said, "The whole situation is ridiculous, and reflects inept administraiton at the top level, for which we must hold te City Council responsible." He pointed out that the changes in assessed valuation came about when the council arbitrarily adopted the county assessor's figures, in lieu of the city's own figures, which had been used in prior years.

Philip Fraher, Westlake resident and prominent insurance broker, warned the group that Daly City residential properties could expect still another tax increase next year, due to the fact that the county has reappraised residential land values, but the higher figures will not appear on the tax rolls until next fiscal year.

The figures were prepared by Paul Green, former Daly City mayor, who acted as moderator at the invitation of the group. Green is a qualified appraiser in his own right.

Second Meeting

After open discussion, the group decided to hold another meeting on Thursday, February 6, at the sub-division clubhouse, to which the public is invited. Candidates for the council election to be held on April 8, will be invited to appear to express their views.

Arthur J. Bodien, prominent Daly City resident and member of the 1957 county Grand Jury, declared his dissatisfaction with continually-rising costs of city government, although he said city services had been diminished through inefficient operation.

"We need responsive leadership," Bodien said, "and we have seen increased water rates, poor street service, higher taxes, etc.—all, apparently—just so the city administration can load up with a lot of top brass. We have too many chiefs and not enough Indians, so to speak. The same situation is reflected in city, county and even state government today, and the people have to take corrective action at the grass roots, starting with a city council."

The open meeting, at Westlake Subdivisions Clubhouse, 95 South Mayfair avenue, will be held on Thursday evening, February 6, at 8 p.m.

Ambulance Hit While Carrying Accident Victim

(Continued from Page 1)

avenue, told Officer Art Linhares she didn't hear the eastbound ambulance's siren as she was driving west on Alemany and attempted to make a left turn onto Lynnewood.

Mrs. Draper, a Redwood City resident, suffered a bad head cut when the northbound car driven by her husband was struck by one driven by Fletcher Pyle I,I 48, who was southbound on Skyline and trying to turn left to Alemany, according to Officer Les Bastedo.

Pyle, of San Francisco, was treated at Junipero Serra hospital for knee contusions. Mrs. Draper later was moved to St. Luke's hospital.

Case Of Missing Auto Dismissed: 2 Drunks Jailed

Police converted a stolen car report into two arrests for drunkenness Friday night, jailing a Newark secretary and her male companion from Hayward.

Margaret Sheridan, 32, excitedly phoned the cops from a local bar that her car was missing. When they responded, James R. Hinds, her escort, said she was mistaken. Police observed that both parties had had too much to drink.

Hinds explained that he had met Miss Sheridan in a Centerville bar. They both drove to her home, he said, where she left her car in the garage, then the couple proceeded here in Hind's vehicle, stopping at various taverns en route.

The pair were released on $25 bail to appear in municipal court, South San Francisco, this Thursday morning.

Harold P. Bradshaw ..... Editor

FIRST to take out papers for the April 8 city council election were incumbents Micheal De Bernardi (center) and Del Wilson, shown getting all the particulars from City Clerk Evelyn Mosman. Biggest flock of candidates in city political history is expected to file by the February 18 deadline. The campaign for three seats looms as a wide-open affair.

THE RECORD photo

JESD Election Committee Sets Monday Meeting

Citizens' Committee For Needed Schools, formed to promote "yes" at the polls in Jefferson Elementary school district's March 18 election, meets again next Monday night at the JESD office, 48 Park Plaza drive, second floor.

Mrs. Jack D. White, committee chairman, of 689 Templeton avenue, announces that the session is open to the public and will begin at 8 p.m.

The district seeks approval of a $1,300,000 bond issue and a $[illegible] million state loan in the March 18 balloting. Success at the polls will pave the way for funds to cover building and site needs the next four years.

Supt. H. Z. Weibel has indicated that a special tax election may be necessary later this year to bolster the district's operating fund.

The citizens' committee, as announced by Mrs. White, consists of: Richard Dwyer, Mrs. G. M. Hedrick, Mrs. J. Newton, Peter Markovich, Mr. Noble, Dorothy Lesher, Mrs. A. Mattison, Mrs. L. L. Green, Mrs. Fred Bertetta, Mrs. G. Bianchini, Mrs. F. Lazerdin, Mrs. Sanford Vickers, Mrs. Irwin Silberstein, Mrs. A. Huelse, Allan S. Fowler, Timothy F. Foley, Mrs. John Sorenson, Mrs. Carl Berg, Mrs. John Eckert, Mrs. J. Burdick, Mrs. E. Snyder, and trustees Mrs. Katherine Mullen, Mrs. Doris Wimberly, Hartley Appleton, Joseph Lewkowitz and Michael Callan.

Two DC Girls Betty Crocker 'Homemakers'

Two girls have been named Betty Crocker "Homemakers of Tomorrow" in Daly City.

They received the highest scores in their schools on a written examination of homemaking knowledge and attitudes taken by graduating high school girls.

The local school winners are: Harriet Irene Zuelsdorf, Jefferson High School, and Verda Ann Borges, Westmoor High.

Their examination papers now will be entered in competition with those of 408 other school winners to name this state's candidate for the title of "All-American Homemaker of Tomorrow" and will also be considered for the runnerup award in the state. For their achievement, they will each receive an award pin designed by Trifari of New York.

Presentation High To Send Bundles To Missionaries

Cartons of holy pictures, used Christmas cards, holy articles and canceled stamps, netted in a recent drive at Presentation High school, will be sent to missionaries in Africa and Japan.

The second hand Catholic literature and holy pictures will be sent to a missionary living on Kome Island in Africa. Most of his parishioners are descendants of slaves from northern China.

The American missionary in Tokyo will sell the used Christmas cards and canceled stamps to department stores.

Eye catching posters decorating the corridors of Presentation, make it impossible for anyone to forget that the dates of the annual Senior Jinx are 12, 13, 14. Senior class social director Frances Welsh promised, "This will be the best ever." Frances is directing the Jinx, under the guidance of the faculty.

Air Force Captain Lands In Westlake

New arrivals in Westlake at 255 Park Plaza drive are Capt. and Mrs. Keith Evans, who have moved here from Miami, Florida.

A former resident of San Mateo, Capt. Evans was well-known on the Peninsula as a piano teacher and musician. He has resumed private instruction in Westlake.

Capt. Evans, recently released from active Air Force duty, served as a combat crew member with the Strategic Air Command. His duties took him to England, North Africa, Guam, Okinawa, Japan and Alaska.

Tri-Y Girls To Wash Cars In W'lake Saturday

Girls of the Stonestown Tri-Y club this Saturday afternoon, 12:30 to 5 o'clock, will wash cars in Westlake for a nominal fee to bolster their funds for charitable projects.

Site of their labors will be Westlake Richfield station, on Southgate at Lynnewood. First-class wash job will be done by the girls for just $1.

Sponsoring the service are Daly City Yellow Cab company, managed by C. C. "Jack" Blank, and Westlake Richfield, operated by partners Micheal De Bernardi and Frank Monte.

The Tri-Y girls at Christmas time gave presents and sang carols at Laguna Honda Home. This month they plan to give club dues to the March of Dimes.

Girls on the job this Saturday include Sandra Broucaret, Pat Nelder, Jackie Blank, Judy Starkey and Astrid Sandstrom.

California's state constitution was ratified Nov. 13, 1849, by a vote of 1,064 to 811.

There are eight large ski areas in California's national forests.

ON FEBRUARY 6

Local Eagles Await 49th Birthday Fete

Colma-Vista Grande Aerie 1848, Fraternal Order of Eagles, will be 49 years old on Thursday, February 6, and to celebrate the birthday, the Aerie will hold its annual Old Timers night. More than 350 Eagles are expected to attend the affair.

A full-course chicken dinner, prepared by Chef Harold Varni of the Exposition Grotto, will be served at 7 p.m., followed by a class initiation and meeting which will start promptly at 8:15 p.m. Twenty-year pins will be presented by Worthy President Reginald Calvert, to the following Eagles, who have been members for 20 years: John Irvin, Melford Battye, Albert Garibaldi, Bertram Lasswell, Tony Milano, George Sorg and Vic Gotelli.

Chairman for the evening is Otto Schramm, past worthy president. Charles Bartha is program chairman. Those assisting on the committee are as follows: Del Fehl, Gerald Summers, Herman Kalinin, Thomas Tromborg Jr., Jim Pederson, Larry Shaw, Willard Grubb, Jim Petzold, Emil Bertelli, William O'Neil, and Charles Maschinot. William O'Neil, membership chairman, urged all members to bring in a new member, this being the largest turnout night each year for the local Aerie.

Begin February 3

COLLEGE OF SAN MATEO TO OFFER FIVE CLASSES AT WESTMOOR HIGH

College of San Mateo has scheduled classes in the northern sections of San Mateo County through its Extended Day Division. Five classes are scheduled at Capuchino High School in San Bruno and five classes at Westmoor High School in Daly City.

Five classes are scheduled at Westmoor High. On Tuesday evenings, classes in Industrial Engineering Methods and Techniques of Supervision will be offered. On Thursday evenings, classes in Organization for Management, Industrial Economics, and Philosophy of Scientific Thought will be offered. The courses in Methods, Supervision, Organization and Industrial Economics comprise the four required courses in the College of San Mateo's certificate program in Industrial Management.

The course in Philosophy of Scientific Thought is being offered by the College of San Mateo for the first time. One Section will meet on the Coyote Point campus on Tuesday evenings, the second section at Westmoor High in Daly City on Thursday evenings. The class is concerned with the philosophical bases of modern science, and the implications in science for our future thinking and living. It is a course about science, not in science. It will provide a cross-disciplinary survey of the scope, logic, method, history and philosophy of science as a cultural enterprise as well as the outstanding achievements of scientific method in the various natural and social sciences.

All of these classes begin during the week of February 3. Registration takes place in class during the first scheduled meeting. A fee of $1, payable to the instructor, will be charged for each course. Further information concerning these classes or the total Extended Day program of the College of San Mateo may be obtained by calling DI 2-1421.

Cubs In Pack 343 Set Dinner, Derby

An evening of fun and frolic was enjoyed by the Cub parents of Pack 343 Saturday at Westlake Clubhouse.

Dancing and games highlighted the activities, with prizes donated by Westlake merchants.

The Pack announces that February 17 is reserved for its annual "Blue and Gold" dinner and Derby races. The Cubs and their dads share the spotlight at this event.

Schools Await Sale Of Tickets For 'Pinocchio'

Mrs. W. R. Clark, president of Woodrow Wilson PTA and chairman of the JESD coordinating committee, today announced the dates of ticket sales for the SF Player Guild's two performances of "Pinocchio," scheduled February 8 at Jefferson High auditorium.

Sites of sales and persons in charge at the individual booths:

Woodrow Wilson school, Jan. 29 and 30, Mrs. F. Cunningham; Ben Franklin and Garden Village, Feb. 3 and 4, Mrs. H. Hagerman; Westlake and Olympia, Jan. 30 and 31; Mrs. J. Schutte; Colma K-6 and Thornton, Feb. 4 & 5, Mrs. R. Huelse; Crocker and Gen. Pershing, Feb. 3 and 4, Mrs. M. Hedrick; Jefferson school, Jan. 30, Mrs. Gino Marchetti; Holy Angels, Feb. 5.

Tickets are 50 cents each. They play will be shown at 1 p.m. and 3 p.m. on Saturday, February 8. For further information, call Mrs. Clark, PL 5-2840.

The district will use the proceeds to buy eye glasses and provide dental care for needy children.

KIP-PAL Set Valentine's Day 'Talent Show'

KIP Workshop of Daly City will present a giant Talent Show on Valentine's Day, February 14, at the War Memorial building, to benefit KIP and the Police Athletic League.

John Coleman, PAL president, is in charge of ticket sales for the program which begins at 8 p.m. The tickets are $1 for adults and 50 cents for children. Proceeds will help both youth groups with their 1958 projects.

Persons wishing tickets should contact Coleman at the police station, PL 5-0850, 75 Wellington avenue. KIP members also will sell the ducats.

Leann Marsh, 10-year-old KIP lyric soprano, won first place Friday night in the SF Moose Lodge's "Search For Stars" program. She is expected to perform here February 14.

BRISBANE SCHOOL OFFICERS FETED

Paula Cosby and Nancy Smith recently staged a surprise party for newly elected student body officers at Natalie Lipman school in Brisbane.

Feted were Bob Kasper, president; Ronnie King, vice president, and Sandy Gyfle, secretary.

Attending were Thomas Grennie, Scottie Turner, Ronnie Cook, David Earley, Charles Mozzetti, Peter Mozzetti, Bob Nouton, Anne Jo Thompson, Marilyn Waits and Ruth Clayton.

Pack 248 Cubs To Invade Navy Base Saturday

Members of Cub Pack 248 and their dads this Saturday join the fleet at Treasure Island.

The Daly City contingent will tour a Navy ship, swim in the Bluejackets' pool, and go through the chow line.

At their recent meeting, the boys presented a cigarette lighter to Walter Randolf, outgoing Awards Chairman. He no longer will be with the Pack since his son, Michael, has graduated to higher Scout ranks. Walter has been with the unit for three years.

Den mother Mrs. Evelyn Ritchie, another three-year vet, also was decorated. She received a compact as a farewell present. Her Cubs have graduated to the Webelos Den.

The Cubs and their parents enjoyed a visit from Mel Wilner and several of his Boy Scouts. The visitors demonstrated artificial respiration and how to light a fire without matches.

Westlake Bluebirds Announce Candy Sale

The Bluebirds of Westlake, known officially as the "Adventurous Bluebirds," open their annual Candy Sale this Saturday. It runs to Saturday, February 15. Proceeds will bolster funds for the unit's resident camp.

Bonn Candy company of San Jose again is supplying the candy. Boxes sell for 50 cents and $1.

St. John's Alumnae Dance This Saturday

Silver Anniversary Ball of St. John's Ursuline Alumnae, honoring their first graduating class, will be held this Saturday night, from 9 to 1, in the new high school auditorium on Mission street.

Mrs. Dorothy Dolan, dance chairman, announces that Walt Tolleson's orchestra will provide the music. Men of the Holy Name Society are in charge of refreshments. Adele Guibert is chairman for decorations.

Strictly For Veterans

By Grace Hill

The American War Mothers will hold a dessert whist at the Fox Hostess House, Thursday, January 30, at 12:30 p.m. Members and friends are invited.

San Mateo Salon 288, 8 & 40, will hold a card party Saturday evening, January 25, in Burlingame Legion Hall. Proceeds will be used for the Child Welfare program which includes aid to tubercular children. Everyone is invited.

Daly City Post 410, American Legion, will hold its regular meeting Thursday evening, January 23, in American Legion Hall. Plans will be discussed for the observance of the Legion's birthday in March.

Old Glory Post and Auxiliary 2044, VFW, will hold meetings Friday evening, January 24. Plans are being made to move into another meeting place. Announcement will be made later.

Brisbane Post 473, American Legion, will hold its Community Dance Saturday evening, January 25, in Brisbane Legion Hall.

Daly City Unit 410, American Legion Auxiliary, held a meeting Wednesday evening. Poppy production starts at Palo Alto hospital this week. Members from this area will go every Wednesday and assist in this work. Rules for the Poppy Poster Contest will be placed in schools this week. Students will compete for prizes in the Unit, District, Department and National Contests.

Letters To The Editor

Dear Editor:

Anyone who was present at the dedication of Westmoor High school must have been as inspired as I was. There are not enough words to describe this magnificent school and its curriculum. Our American children are indeed fortunate to have the privilege of attending schools such as Westmoor.

But this is America, isn't it? Why then was a rabbi not invited to be present at the dedication as well as a minister and a priest?

Sincerely,
BESS SILEN
235 Glenwood avene
Westlake

YOUTH TO LEAD VISTA GRANDE SUNDAY SERVICES

Youth will participate in both worship services at Vista Grande Christian church Sunday morning at 8:30 a.m. and 10:55 a.m. The youngsters will read the scripture and lead the prayers for the day.

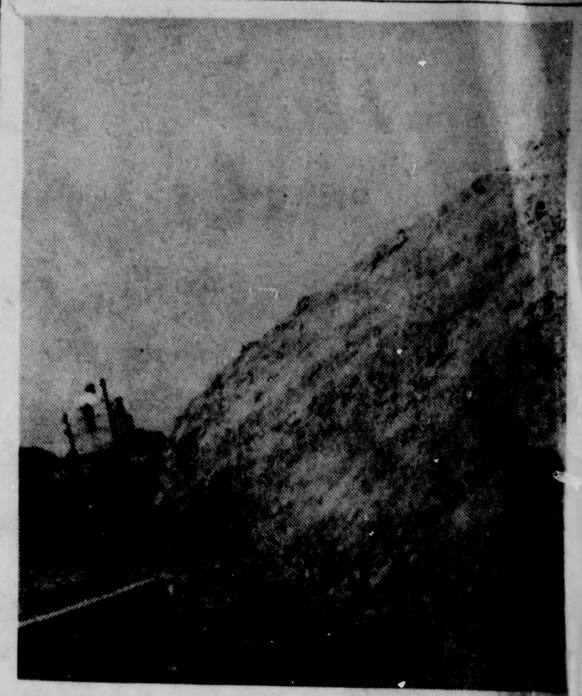
Junior Deacons will serve communion. LeRoy De Bolt, a young Navy airman, will speak at both services. Sermon of the day will be based on "Christian Spirits that Create Courage." De Bolt has had 2½ years of theological training at Northwest Christian College, Eugene, Oregon.

Bible school begins at 9:30 a.m. for all ages including a nursery.

In the evening, the Christian Youth Fellowship will visit the Youth Fellowship of First Christian Church in San Francisco for dinner and a special program with the youth of San Francisco.

Tonight, the Christian Men's Fellowship will hold their regular monthly dinner meeting at 7 p.m. in Fireside Hall. The program will be a film from the Moody Bible Institute.

The Pulgas Water Temple, located on the east shore of Crystal Springs Lake in San Mateo County, is the terminal of San Francisco's 155-mile Hetch Hetchy Aqueduct.



SHADES of last year's earthquake returned to Coast Highway last week when the ancient thoroughfare was victimized by another earth slide. State highway officials quickly sized up the problem and bulldozers were dispatched for a heavy duty clearance. Detoured drivers, unable to use the highway for three days, got the go ahead sign Saturday morning.

THE RECORD photo

Coast Highway Is Back To Normal (?)

Sub-par and dangerous Coast highway, blockaded again last Wednesday by a landslide below Thornton Bluff, was reopened to traffic early Saturday morning.

The old highway will be abandoned by the state in April. Daly City officials are interested in maintaining the route thereafter for access to the municipal garbage dump near Mussel Rock. Southern end of the highway near Pacifica would be closed, under the Daly City proposal.

Sabbath Eve Topic At B'nai Israel

Sabbath Eve services will be held at Congregation B'nai Israel this Friday, beginning at 8:15 p.m., with Rabbi Solomon A Shore officiating. Cantor Gerry Marcus and Mrs. Ernest Hartmann will assist with the liturgical portions.

Rabbi Shore's third sermon in the series, "In the Footsteps of Our Forefathers," will be "Jacob and Esau—Are We Our Brother's Keepers?"

Recently elected to fill vacancies on the board of directors were Mrs. Morton Dobrow, secretary, and Nathan Perlman, member of the board of trustees.

Future events planned by B'nai Israel will be a flag dedication on February 21, a Passover Seder on April 5, and the publishing of a souvenir book to commemorate the 50th anniversary of the congregation.

Slide-Periled Home Now Said Out Of Danger

Workmen today continued replacing fill on the slopes behind the John R. Minges residence, 10 Skyline drive, which was periled briefly last week when a slide tumbled tons of earth over the cliff onto Coast highway.

Engineer Ted Tronoff said his crews went on an eight-hour shift this week and "everything is under control."

"We don't anticipate any more trouble there," he added.

The Minges were prepared to evacuate their home Thursday night when the slide sliced off part of their back yard and adjacent foundation.

Tronoff said the trouble, which began at the base of the cliff, was caused by heavy rains loosening the fill on the slope. Storm drains, ripped up by the slide, have been replaced.

Doelger workers, the first three days of the emergency, worked almost round-the-clock, Tronoff reported.

KIP, PAL Performers Plan All-Star Show

Officer John Coleman of the Daly City Police Department announced today that an all-star local talent show will be held on Valentine's Day, February 14, at the Community Center.

Coleman, president of the Police Athletic League, said that the Valentine's Day Benefit Talent Show will be conducted jointly by PAL and KIP (Kids In Performance), led by Mrs. Kay Irvine. The local extravaganza will feature the talents of Daly City boys and girls in singing, dancing and intrumental groups. Some of these youthful entertainers have recently devoted their free time and energy to shows given at army installations, civic and fraternal clubs.

The PAL program has been greeted with a tremendous response in the form of a deluge of applications from boys of all ages, and KIP reports a heavy enrollment of talented boys and girls. These two non-profit organizations have demonstrated their popularity with youngsters of Daly City. The primary objective of both PAL and KIP is to provide wholesome athletic and social training for all children in an effort to combat juvenile delinquency and crime.

This worthwhile aim, Coleman added, must be maintained largely through public contributions and support. PAL urgently needs funds for athletic programs of all types and fathers with a sound knowledge of some form of sports activity are encouraged to participate in the program. KIP, according to Mrs. Irvine, now has $10 in its treasury.

The show begins at 8 p.m. on Valentine's Day. Adult admissions will be $1, children 50c.

BLUEBIRDS from Woodrow Wilson school will [illegible] hundreds of Daly City [illegible]sters attending the Februa[illegible] performances of "Pino[illegible]," at [illegible] High auditorium [illegible]wing the publicity poster (left to right): Eugenia Vinje, Virginia Giammona, Sally Clark, Connie Shimada, Bunny Galindo, Phyllis Oliva and Cora Fillbach. Tickets go on sale at elementary schools this week. Presenting the popular children's play will be the SF Players' Guild. PTAs and the school district are coordinating the project.

WHITE ELEPHANT DAY NETS $1130 AT PRESENTATION

Presentation High girls made $1130 for the Missions on White Elephant Day, January 14. The money has been sent to the Propagation of the Faith.

The Sophomores' beagle puppy was won by Senior Joan Moreton; the Juniors' cashmere sweater was won by Junior Carol Ann Bacchi; and Darlene Goddard, relative of Freshman Beverly Goddard, won the transistor radio.

Junior section 3B has again won the Mission banner. 3B Mission Leader Shirley Hutchison's only comment was: "We've won it everytime so far this year, and we hope to continue doing so." Section 2D was runner-up.

* * *

Senior Diane Jepperson is Presentation's winner in the Betty Crocker Homemaker's contest. Diane claims that "everything I answered in the test, I learned in the Family Living course." Her paper will now be sent on to state judging.

* * *

Rev. George Twigg-Porter talked to the girls on Apostleship of Prayer in League with the Sacred Heart at the last sodality meeting. Girls who wish to join the Apostleship sign up the First Friday of February in section rooms. Presentation has been a local center of the Apostleship since 1886.

* * *

Presentation Fathers' club will have its Giant Games Night this Friday. Funds raised will go to the New Novitiate of the Presentation Sisters at Los Gatos. The affair is under the chairmanship of George Xepoleas.

MESDAMES Edward O'Donnell, Albert Fambrini and Clifton West ready decorations for this Saturday's Fashion Show-Luncheon at the Fairmont hotel in San Francisco. The affair, given each year by the Westlake Catholic women, will benefit the school building fund of Our Lady of Mercy parish.

Catholic Women All Set For 4th Fashion Show

Early this Saturday morning, the day of the Westlake Catholic Women's Fashion Show and Luncheon, Mrs. Albert Fambrini, chairman of decorations for the affair, and her co-chairman, Mrs. Gerald Bonomi, will be heading a car parade which, leaving Westlake, will go carefully down Alemany and the Bayshore freeway, weave slowly in and out of downtown traffic, and make its way cautiously up to the top of Nob Hill—there to deposit carfulls of pretty centerpieces safely at each table in the Gold Room, Nob Hill Room and Garden Room of the Fairmont Hotel, in preparation for the affair.

The centerpieces will give the effect of nosegays of white and red net blossoms with sparkling silver centers. At the base of the decoration will be a large red foil heart, edged with a ruffle of white net. Designed to complement the theme, "The Heart of Fashion," the decorations will be a gay background for a festive occasion.

Mrs. Walter McElroy Jr. has appointed Mrs. Victor Scatena Jr. chairman of the Fashion Show-Luncheon. Commentating, as models from Our Lady of Mercy parish show the new Spring fashions, will be Mrs. Thomas Daly and Mrs. Edward Molkenbuhr Jr. Fashions will be by H. Liebes and company. This fourth annual fashion show will again benefit the school building fund.

Squires Set Dates For Car Washing

Under the supervision of Knights of Columbus, the [illegible] City Squires will stage t[illegible] first annual car wash this [illegible]urday and on February 8.

This Saturday's site is [illegible] Lady of Mercy church in W[illegible]lake. Our Lady of Perp[illegible] Help church will handl[illegible] second car wash.

Cars will be washed f[illegible] $1, all proceeds going t[illegible] Squires for their projects.

Westlake Circle 977 of the Squires is looking for new members. Prospects are invited to attend the Communion Breakfasts, dates of which will be announced soon.

SHOW AT OLPH

Parishioners Revive Vaudeville Saturday

If you are a person who sometimes thinks longingly of the days of vaudeville, when entertainment was simply that and not a "situation" comedy, the place for you this Saturday night is Our Lady of Perpetual Help hall, 80 Wellington avenue.

Starting promptly at 8 o'clock will be two talent-packed hours of entertainment featuring the "Star-Mates" of the San Francisco Naval Shipyards. Tickets are $1 and with all this entertainment the public is advised to come early as seats will be given out strictly on a "first-come first-seated

Also featured on this all-star program, which wil run the gamut from Calypso to magicians, will be the St. Timothy's Choir, an octette singing popular songs, from St. Timothy's church in San Mateo. This group will also provide a four-piece orchestra for dancing after the program.

Singing and dancing, both ballet and modern dance, several comedians and pantomimists will round out the program. There will be a magician and an Irish tenor who, according to the chairman of this affair and the committee, is worth the price of admission alone.

Chairman for this variety show, which is for the benefit of OLPH church, is Frank Shea. He is being advised by Father Garrity and his committee. Included on the committee are Guy Garguilo, George Calegari, Jack Colthurst and John Muller.

Willin Selects Committee Heads For OLM Dance

General Chairman Charles Willin has announced committee assignments for the fourth annual barn dance of Our Lady of Mercy Parish, to be held February 14 at the Surf Club on San Francisco's Great Highway.

Frank J. Kelly and Lloyd Madigan have been appointed ticket chairmen, with tickets going on sale February 1 at $3.50 per couple. Tickets will be available in all sections of Westlake, with section distributors announced next week.

John F. Grealish has been named chairman of the floor committee and reports that Walt Tolleson's orchestra has been signed for the evening with dancing from 9 to 2.

Decorations for the dance are under the direction of Buzz Davenport. Dress for the evening will be jeans and denims.

Chicken Dinner Features Meet Of OLPH Men

A full-course chicken dinner is in store for all members of Our Lady of Perpetual Help Men's Club at their monthly meeting next Wednesday night.

Father Michael O'Brien will be the principal speaker, relating his experiences as assistant director of the deaf in the archdiocese.

Television will be provided for those who wish to watch the fights, according to James H. Goulden, publicity chairman.

The meeting, held in the school hall, begins with dinner at 6:30 p.m. All men interested in the youth of the parish are invited.

Reverend Janssen Heads Mission Week At Lutheran Church

Lutheran Mission Week will be observed at West Portal Lutheran church, 200 Sloat boulevard, from February 2-6. Services will be held each of these evenings beginning at 8 o'clock. Guest missioner will be the Rev. Ihno A. Janssen Jr., of Detroit, Michigan.

Theme of the evening service will be "This I Believe." The congregation wil welcome all who wish to attend.

Lutheran Mission Week is designed to enable members of the church to grow in their Christian conviction and learn to share their faith in conversation. Members will also call on many friends to share with them the Christian message and invite them to the fellowship of the congregation.

Stonestown Names New Officer Slate

The 72-store Stonestown shopping area elected Howard Bean of Casual Aire as president for the coming year at the annual merchants meeting held in Rickey's Red Chimney. Bean, who heads a group of women's wear stores in Stonestown, Burlingame Plaza and recently Honolulu, served as vice-president, secretary-treasurer and board member of the Stonestown Merchants Association. He is also past president of the West O' Twin Peaks Lions club.

Elected to the vice-presidency was Sam Gold of Portals to Music, a past president and secretary-treasurer.

Roy Penry, Robert S. Atkins store manager, was made secretary-treasurer. Penry, who has been with the Atkins organization for a number of years was also associated at one time with Roos Bros.

The retiring president is Dan Feins, manager of Joseph Magnin's Stonestown store.

League Of Women To Launch Study On Constitution

At February neighborhood meetings, the League of Women Voters of San Francisco will begin a two-year study of the California State Constitution. Mrs. Edward Stern, a member of the Westlake unit, is chairman of the study.

The survey of this subject will begin with acquainting members and guests why we have this type of constitution and how it came to be. Also a part of the study will be a review of the adequacy of the present machinery. In determining what a constitution should contain, the difference between fundamental law and statutory law will be explained and discussed.

Local meetings in the February schedule will be held at the home of Mrs. G. E. Olmstead, 3 Joseph avenue, Parkmerced, on February 3, at 8 p.m., and at the home of Mrs. I. W. Silverstein, 157 Wilshire avenue, Daly City, on February 5, at 8 p.m.

OZANAM SCHOOL SPRING TERM OPENED MONDAY

What can a volunteer do to relieve family distress or prevent families from breaking up? The Ozanam School of Charity has some answers for this question in its new study program that is designed to equip and trani young men for voluntary work in the charitable and community service programs of its sponsor the Society of St. Vincent de Paul.

The Vincentians are well qualified as teachers of family assistance since they have just chalked up their 98th year of charitable service in San Francisco for distressed families an dindividuals of all races an creeds.

The Spring semester of th Ozanam School of Charity be gan Monday.

Peninsula's Camp Fire Girls Open Annual Candy Sale This Saturday

The Peninsula Council of Camp Fire Girls wil start their annual candy sale in Daly City and throughout the county this Saturday, and continue until February 22. Blue Birds and Camp Fire Girls in their traditional red, white and blue service costumes will ring doorbells of friends and neighbors during this period.

Money they will earn will be used for the purchase of a permanent camp site for the girls in the Peninsula Council, for the expansion of the organization in the county, and to aid girls in earning campership credits for day camp and resident camp during the coming summer. Proceeds will be used with the approval of the United Crusade which provides the major part of the Camp Fire Girls Council budget.

The girls would like to assure their friends that the same high quality chocolate mints will be offered this year in 50-cent and $1 boxes.

Mrs. Arthur Waldvogel of Daly City and a member of the Board of Directors announces that Mrs. Martin Strubel is the Daly City Depot Chairman for the candy sale in the Daly City district. Mrs. Ambrose Arbini of Millbrae is the North San Mateo County Candy Sale chairman.

JEFFERSON SCHOOL DISTRICT - CONSOLIDATED SPECIAL BOND ELECTION AND SPECIAL APPORTIONMENT AUTHORIZATION ELECTION NOTICE

NOTICE IS HEREBY GIVEN to the qualified electors of the JEFFERSON SCHOOL DISTRICT of the County of San Mateo, State of California, that in accordance with the provisions of the Education Code of the State of California governing such elections, a special bond election and a special apportionment authorization election have been called to be held, and the same will be held, at the places hereinafter designated in said Jefferson School District of the County of San Mateo, State of California, on TUESDAY, the 4th day of MARCH, 1958, from the hour of 7:00 o'clock A.M. until the hour of 7:00 o'clock P.M. of said day, during which period of time the polls will be kept continuously open, at which time and place there will be submitted to the qualified electors of said Jefferson School District of the County of San Mateo the following propositions:

PROPOSITION NO. 1

Shall the Jefferson School District of the County of San Mateo, State of California, incur a bonded indebtedness in the sum of ONE MILLION THREE HUNDRED THOUSAND DOLLARS ($1,300,000.00) for the purpose of raising money for the following purposes (which are hereby united and shall be voted upon as one single proposition) to-wit:

a. The purchasing of school lots;

b. The building or purchasing of school buildings;

c. The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs;

d. The repairing, restoring, or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity;

e. The supplying of school buildings and grounds with furniture, equipment or necessary apparatus of a permanent nature;

f. The permanent improvement of the school grounds;

g. The carrying out of the projects or purposes authorized by Section 18010 of the Education Code, to-wit, the providing of sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from each school property?

PROPOSITION NO. 2

Shall the governing board of the Jefferson School District of the County of San Mateo, State of California, be authorized to accept and expend an apportionment in an amount not to exceed SEVEN MILLION DOLLARS ($7,000,000.00) from the State of California under and subject to the provisions of Chapter 19, Division 3 of the Education Code which amount is subject to repayment as provided by said Chapter?

The said bonds hereby proposed to be issued and sold will be ONE MILLION THREE HUNDRED THOUSAND DOLLARS ($1,300,000.00) in aggregate principal amount, of the denomination of One Thousand Dollars ($1,000.00) each and will bear interest at the rate of not to exceed five per cent (5%) per annum, which interest shall be payable annually for the first year said bonds are to run and semi-annually thereafter. The number of years the whole or any part of the said bonds are to run shall not exceed 25 years from the date of the bonds or the date of any series thereof.

For the purpose of said election the said Jefferson School District of the County of San Mateo is hereby divided into ten (10) election precincts by said Board of Trustees of the Jefferson School District, as hereinafter designated.

That the special bond election hereby called has been and the same is hereby consolidated with the special apportionment authorization election hereby called within the territory affected by said consolidation, to-wit, the Jefferson School District of the County of San Mateo; that the election precincts, polling places and voting booths shall be the same and only one form of ballot should be used thereat which shall be in the form provided by the Board of Trustees of said Jefferson School District of the County of San Mateo for use at said consolidated special bond election and special apportionment authorization election on which shall be set forth the propositions hereby submitted to the qualified electors of said district. That the election officers shall be the same for each election and that said election shall be held in all respects as if there were only one election.

That the polling places hereinafter mentioned are hereby designated and selected by the Board of Trustees of said Jefferson School District of the County of San Mateo as the places within said Jefferson School District of the County of San Mateo, State of California, where such election must and will be held.

The following named persons, named as Inspectors and Judges of said election, are hereby appointed by the Board of Trustees of the Jefferson School District of the County of San Mateo to act as such officers of said election, and as such will conduct the same; each of said persons being a qualified elector of said Jefferson School District of the County of San Mateo, State of California.

The following is a description of the precincts and polling places and a list of the officers of said election above referred to and mentioned:

The aircraft influence on automotive styling shows in the new delta wing front fender ornaments that help make the 1958 Pontiac distinctive. Each ornament has twin fusiformed projections extending rearward from the winged sections. They measure 7 inches from wing tip to wing tip and 11 inches in length. Twin windsplits continue along the fender.

A manual height control with New-Matic Ride on the 1958 Oldsmobile instrument panel allows the driver to raise the car a full four inches to free a locked bumper, clear a steep ramp or meet other unusual situations.

Bethel Lutheran Accepts Newcomers At Sunday Service

This Sunday morning at Bethel Lutheran church, 2525 Alemany boulevard, will mark an important occasion as new members will be received.

Two services will be conducted; the first at 8 a.m., and the other at 10:45 a.m. At the second service, new members will be received by the Sacrament of Holy Baptism; by the Rite of Confirmation; by the reaffirmation of faith, or by transfer of membership from other Lutheran churches.

The Rev. Herbert P. Schroeder will preach at both services. The subject of the sermon will be "The Testing of Loyalty." Special organ music will be rendered by the organist, Robert Schuneman.

A "Coffee Hour" with a reception for the new members will follow the service. This will afford everyone the opportunity to become acquainted with one another.

Sunday School for all ages is conducted at 9:30 a.m. The Adult Bible Class meets at the same hour. Everyone is welcome.

Dodge Grille Combines Boldness, Good Taste

Adding a dramatic touch of boldness to the Swept Wing '58 is the completely redesigned front end. Dual headlights are arranged side-by-side, under flaring, fashionable hoods, for safer, surer night time driving. Parking lights are recessed in protective "bombs", placed to shield the cross-hatched grille from damage. Adding to the uncluttered look of good taste are the straight lines of the front bumper with its sturdy overbar to protect both grille and front license plate.

Buick 'Engineering High'

Buick's 1958 line represents "a new high in automotive engineering," according to Edward T. Ragsdale, general manager of Buick and vice president of General Motors. Displaying the new line at the Westlake Auto Show next week will be Carl Haas Buick, 6888 Mission street, Daly City.

Topping the new line is the luxurious Limited series, which gives Buick greater representation in the prestige car class. The other series are the Roadmaster, Super, Century and Special.

"This is the start of a new era for Buick," Ragsdale said. "Advanced ideas on transmission, ride and brakes have been put into this line of cars which has been restyled from front to rear.

"Our engineering innovations include flight pitch Dynaflow which is the closest approach to the ideal automatic transmission in automotive history, an entirely new suspension design principle in which four columns of air replace the traditional steel springs, and air-cooled aluminum brakes which cool faster and consequently provide safer braking.

"Styling changes are capped by the new grille, which is a complete departure from the industry's traditional front end design, and includes chrome-trimmed ribbed aluminum rear fender panels and redesigned taillight housings.

"This is the second major model change we have made in the past two years and with it we have achieved a new high in automotive engineering."

A NEW AND EXPANDED LINE OF STATION WAGONS BY FORD, producer of the most popular wagons, is offered for 1958. New to the line is the six-passenger Fordor Ranch Wagon (above), one of Ford's six new models built on body shells entirely separate from the Ford passenger cars. Ford spent $185,000,000 on changes, including safety dual headlights, new jet intake grille and massive bumper, sculptured metal treatment throughout the car's exterior, and twin safety taillights as well as a completely new power train from engine to axle, all-new Cruise-O-Matic drive and optional Ford-Aire suspension.

Ford Incorporates Major '58 Changes

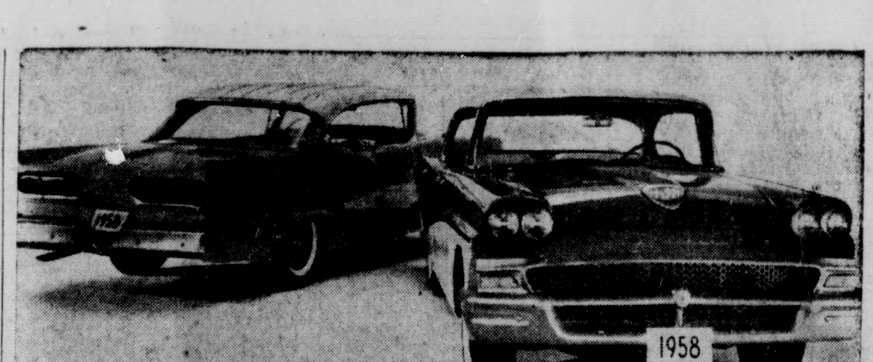
The 1958 Ford car, tested in a rugged round-the-world trip, incorporates major styling changes with a new family of engines, new Cruise-O-Matic transmission, and Ford-Aire suspension. The new Ford models will be displayed at the Auto Show by Neville Ford, 7360 Mission street, Daly City.

In appearance, the 1958 Ford is new from dual safety headlights to twin safety taillights. Almost all body sheet metal has been recontoured. Styling features include an anodized aluminum honeycomb grille protected by a massive wrap-around bumper designed to eliminate the need for bumper guards, low hood lines, and redesigned roof with slip-stream grooves. The new rear end treatment features a V contoured trunk lid housing the inboard sections of the twin pod oval taillights.

Ford's 19 models are built on two wheelbases: the Fairlane and Fairlane 500 series have a 118-inch wheelbase, and Custom 300 and Station Wagon series are produced on a 116-inch wheelbase.

New highs of efficiency and economy are possible with Ford's new Interceptor engines. The product of Ford's quarter century of V-8 leadership, the Interceptors are new from oil pan to carburetor. When teamed with Cruise-O-Matic drive and low ratio rear axle—made possible by higher torque engines—the Interceptors provide up to 15 per cent more gas economy and 19 per cent more performance.

The new engines feature completely machined, wedge-type combustion chambers, larger, cooler running valves, new carburetion and exhaust porting and direct flow intake for peak performance at all engine speeds.



SWEEPING STYLING CHANGES ARE APPARENT IN THE 1958 FORD CAR LINE. The Fairlane 500 Town Victoria (right) and Fairlane Club Victoria (left) share with all new Fords such dramatic styling changes as new safety dual headlights, corrosion-proof anodized aluminum grille, power flow hood, slip stream roof, sculptured inverted V trunk lid and twin safety taillights. Engineering and design advances include new engines, new Cruise-O-Matic transmission and optional Ford-Aire suspension.

Studebaker-Packard, Mercedes-Benz To Be Shown By Sweeney

William J. Sweeney & Sons, 6800 Mission street, will display the Studebaker-Packard and Mercedes-Benz at the Westlake Auto Show next week.

The Sweeney firm, established in 1909, is Daly City's oldest automotive firm.

All three models carried by Sweeney will be on display at the show.

The celebration in 1958 of General Motors' Golden Anniversary coincides with the 50th anniversary of the production of the first Oakland car, predecessor to the Pontiac. Pontiac itself was introduced in 1926.

Fresh air is assured in the 1958 Oldsmobile by the new twin intake grilles mounted high on the hood, well out of range of exhaust fumes.

VOLVO

FOREIGN CAR CENTER 6601 Mission Street Daly City

Volvo: Sports Car Performance, Yet It Is A Family Car

The new Volvo, to be displayed next week at the Westlake Auto Show by Foreign Car Center, 6601 Mission street in Daly City, combines the power and high-speed performance of a sports car with the safety and comfort of the ideal family car. It is a shining example of Swedish precision engineering at its best.

The Swedish Volvo PV 444, more than just a sports car, has been designed for real safety while the smooth suspension in combination with armchair comfort ensures relaxed, carefree driving.

The PV 444 is exceptionally easy to handle. In dense town traffic its compact design and tight turning circle are great advantages especially as far as parking is concerned.

Out on the open road, the economical twin-carburetor engine gives sparkling high-speed performance.

Built to stand up to outdoor parking in all weather, the complete body has been rust-proofed by bonderizing while the surface finish consists of glossy but tough and durable synthetic enamel. There are main spare part depots at several points in the U. S.

MERCURY HAS SELF-ADJUSTING BRAKE SYSTEM

Mercury developed self-adjusting brakes, with lining area increased to 233.38 square inches, for all its 1958 cars. These self-adjusting brakes give even braking with straight-line stopping and maintain the foot pedal at a constant distance from the floor, thereby assuring maximum pedal reserve for emergency stops. They eliminate the need for manual adjustment and permit lowering the brake pedal ¾ of an inch.

An optional speed limit safety monitor rings a reminder bell when the driver exceeds the speed he has selected on its dash-mounted dial.

A vacuum operated finger-tip control for all heating, defrosting, ventilating and air conditioning requirements is provided by Mercury's Climate-Dial — a single dial mounted on the instrument panel. On the Park Lane it comes with the heater, and it is standard with air conditioning.

An extensive list of options to improve motoring pleasure is available, including power seat that remembers, power steering, power brakes, power lubrication, power windows and air conditioning. Transistor radios are available.

Pontiac Has New Lower, Longer Bodies By Fisher

The new bodies by Fisher for the 1958 Pontiac are lower, longer and wider.

Overall height of comparative models has been dropped as much as 3.1 inches, with the Bonneville coupe at 55.6 inches, which is 4.5 inches lower than the 1957 sedan.

The hood is one inch lower. Body width has been increased 2.2 inches and overall length by as much as 8.7 inches. Road clearance, however, has been maintained.

A step-down effect is used in rear compartment areas and approximately 4.5 inches more leg room is provided for rear seat passengers in some models. Nearly an additional inch of leg room is provided in the front compartment and ample head room is maintained.

Improved vision for safety is supplied by new windshields which have as much as 84.7 square inches more visibility area. With bigger bodies permitting larger windows also, visibility area has been increased up to 309.7 square inches in some models.

A new and sturdier hood hinge and improved hood latch have been added this year, while a new method trunk sealing makes the larger luggage compartment more positively water and dustproof.

FOR MORE HEADROOM.

● Enjoy the extra headroom of new Flightstream roof styling in '58 Studebakers. Test one today...you'll want to own it tonight!

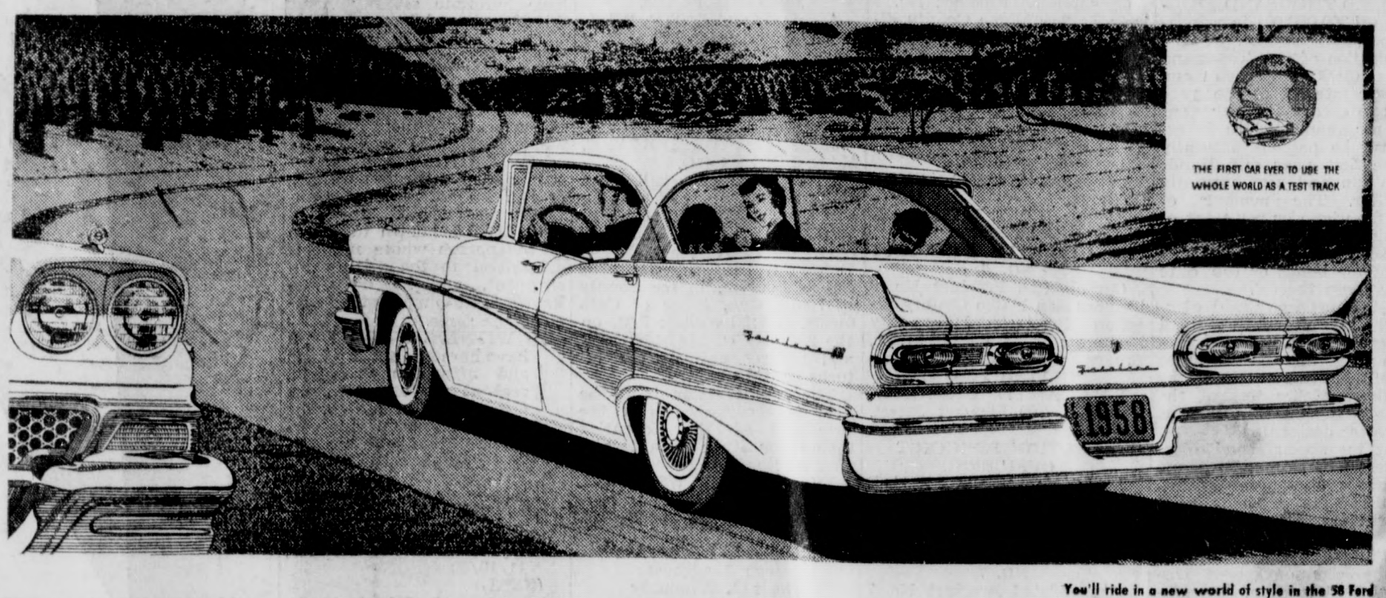
One look tells you...there's nothing newer in the world!



You'll ride in a new world of style in the 58 Ford

New deep-sculptured styling
New Interceptor V-8 power
New Cruise-O-Matic Drive
New Ford-Aire Suspension
New Magic-Circle Steering

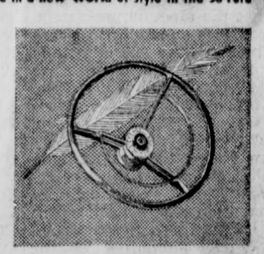
The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

Here's a car so *new*, so *beautiful* it made eyes pop from Paris to Pakistan . . . a car so *rugged* it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the *world's most beautiful new bargain!*

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. *Smoother* power! From *less* gas! One secret is Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for all normal driving, lets you move smoothly, automatically—with just a touch of your toe—from solid-feeling take-off right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air pillows literally soak up the bumps! And Ford's new air suspension relevels the car every time someone steps inside or luggage is loaded. An extra cost option, you get all this at traditionally low Ford prices!



You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Come in and try it!

Come in today... Action Test America's only world-proved car!

24 COLORS ARE AVAILABLE ON 1958 CADILLAC

Twenty-four exterior colors are available on Cadillac models other than the Eldorado Brougham. Five of these are long-life, high-lustre acrylic paints which are standard with the Eldorado Biarritz and Eldorado Seville and available as options on other models. The Brougham has 15 distinctive acrylic colors of its own.

Moving inside the 1958 Cadillac one finds:

New fabrics and materials are used in a variety of combinations to provide interior luxury. The color harmony of these materials allows the customer to customize his personal want. (There are 55 interior trim combinations available in this year's line, excepting the Brougham, which has 44 combinations.)

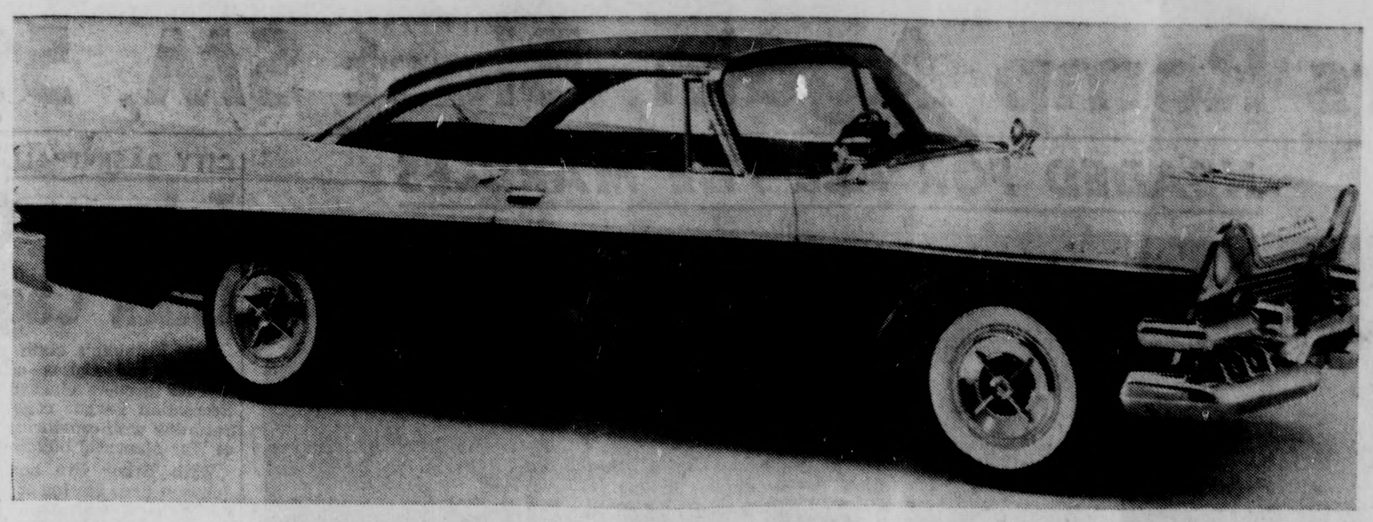
Power front ventipane windows are standard equipment on the Fleetwood 60 Special Sedan, the Eldorado Brougham and Eldorado Biarritz and Seville. They are optional equipment on all other models with power windows. The controls are located forward of the front seat arm rests.

A handsome new molded fiberglass headliner is used in the Coupe de Ville, Sedan de Ville and Eldorado Seville. Not only is this headliner of striking appearance, but it is easily maintained and improves the car's acoustical properties.

The six-way power seat controls are located forward of the driver's arm rest for ease of operation in all models on which power windows are standard equipment.

The clock is moved into the restyled instrument cluster for driver convenience.

Dual, hooded head lamps and dual, hooded tail lamps mark the 1958 Pontiacs. Horizontally mounted, the head lamps have a diameter of 5-¾ inches instead of the previous 7 inches, but have higher wattage and provide ...ost 50 feet more ...ing distance along ...hand side of the road. ...our head lamp units are ...ed when the upper beam is



A UNIQUE new two-tone paint treatment has been added to the 1958 line of Dodge passenger cars. Available on all models except the Coronet convertible, the "saddle" combination features a continuous chrome strip running from headlight to taillight, just below the belt line. The roof and lower body are painted one color, the hood, trunk deck and fins in a harmonizing or contasting shade. The new Dodge will be displayed at the Westlake Auto Show by Aero Motors, 7073 Mission street.

Olds 'Anti-Spin' Differential Gives 'Positive Power'

Oldsmobile's new "anti-spin" differential delivers positive driving power to the wheel with the most traction, thereby virtually eliminating the spinning of a single rear wheel in snow or on ice, loose sand, gravel or mud.

The "anti-spin" differential is available as optional equipment at extra cost on all 1958 Oldsmobiles.

Extensive testing of the "anti-spin" differential by Oldsmobile has shown that it overcomes most of the traction disadvantages found in conventional differentials.

With 'anti-spin' if one wheel begins to slip, friction clutches automatically engages to transfer the driving torque from the wheel which is spinning to the opposite rear wheel. This enables the wheel with the best traction to receive most of the engine's driving power, overcoming the tendency of one wheel to spin while the other remains stationary.

In addition to overcoming certain "nuisance" situations, Metzel also stressed the safety features of the "anti-spin" differential.

Since the major driving force always is directed to the wheel with the best traction, the danger of losing control of the car under unusual driving situations is greatly minimized.

OLDS FOR 1958 FEATURES NEW 'MOBILE LOOK' IN STYLING, COLORS

Oldsmobile for 1958 features the dramatic new "mobile look." Highlights of the "mobile look" are styling in excellent taste with sparkling new exterior moulding treatments, a variety of new interior upholstery and trim fabrics and a wide selection of new paints. The Oldsmobile will be displayed at the Auto Show by C. M. Murphy Oldsmobile, 19th avenue and Junipero Serra.

The 1958 Oldsmobile which will be on display at the Auto Show February 5-8 is offering a variety of paint and trims covering 22 different colors, 13 of which are brand new, 66 recommended two-tone combinations, and some 55 upholstery selections.

New hues in the '58 Oldsmobile color choice are surf green, marlin blue, pearl gray, sterling gray, sandstone, autumn haze, canyon glow, heather, mountain haze, champagne mist, turquoise mist, tropical mist and charcoal. Nine hold-over colors also are available. They are onyx black, festival red, Allegheny green, Banff blue, Alaskan white, desert glow, rose mist, jade mist and Victorian white.

High Metallic Paints

Five high-metallic, acrylic-base paints, plus Victorian white, are offered at extra cost. These high metallic colors are champagne mist, jade mist, turquoise mist, rose mist and tropical mist.

In addition to these high-metallic color choices Oldsmobile makes available two additional acrylic-base paints — heather and mountain haze — at no added cost. These two quality lacquers can be used in two-tone combinations with themselves or with Victorian White.

One two-tone color styling is available on the 1958 models. This appears as one color for the roof and another for the hood, front fenders, doors, trunk lid and rear fenders.

The tasteful and luxurious "fashion-flair" interiors of the 1958 Oldsmobile serve to accentuate the dramatic newness of the "mobile look."

Variety In Upholstery

For 1958, nine types of upholstery material in differing weaves and patterns are offered in Oldsmobile's three series. All Holiday models combine genuine leather or morocceen with long-wearing nylon fabrics.

Representing automotive luxury at its best, the "98" Holiday sedan utilizes a combination of genuine hand-buffed leather bolster material with new design three-dimensional upholstery, the puffed nylon fabric which Oldsmobile first introduced to the industry in 1957. Altogether, three new three-dimensional designs will appear on the 1958 Oldsmobiles.

The interior trim, instrument panel and carpeting are in harmonizing color combinations. In addition, a new sponge vinyl headliner—"starlite"—will be offered on the "98" Holidays and the Super "88" Holidays. The new headliner is optional at extra cost on the "98" and Super "88" four-door sedans and the Dynamic "88" Holidays and the two and four-door sedans.

In the station wagon line, the Super "88" Fiesta will have five color combinations. Bolsters are of genuine leather, with morocceen accent and upholstery fabric of three-dimensional nylon fabric, the same as that used on the Super "88" Holiday sedan. The interior is complemented by harmonizing Tripoli carpeting.

Flying A Booth At Auto Show: To Award Prizes

In conjunction with the four-day Westlake Auto Show next week, Les Ritchie's Westlake Flying A service will offer 40 prizes to be given away February 8 at the station at 7 p.m.

First prize is 100 gallons of ethyl gasoline, ten gallons free every week for ten weeks.

Second prize is an Airwing tire to fit the winenr's car. Installation will be offered free at the Westlake Flying A, Alemany off Lake Merced boulevard.

Thirty-eight other valuable prizes, including auto accessories and household products, will be awarded. Winners need not be present.

For information on how to receive free gifts and become eligible for one of the prizes, Ritchie invites residents of the area to visit the Flying A service booth at the auto show, which will be located next to the Jay Vee store on the mall.

Winners of prizes will be notified by mail of their prizes, which can be picked up at the station.

THREE ROCKET ENGINES IN NEW OLDSMOBILE

Three powerfully efficient Rocket engines, famous prototypes of the equally famous first high-compression Rocket introduced by Oldsmobile to the automobile industry in 1949, is offered on the 1958 Oldsmobile models.

Oldsmobile's new and more efficient Rocket engines for 1958, and improved two, four and six-barrel carburetion, provide surprising improvement in performance.

A Rocket engine developing 305 h.p. and equipped with quadrijet carburetion is standard on the "98" and Super "88" series. Another Rocket with dual carburetor and developing 265 h.p. will power Oldsmobile's Dynamic "88" series.

"Econ-o-Way"

This fuel economy has been achieved through the use of Oldsmobile's new two-barrel "Econ-o-Way" carburetor coupled with other engineering advancements developed for 1958 by Oldsmobile engineers.

"This is not an underpowered model," Harold Metzel, chief engineer, emphasized. "The Dynamic '88' has plenty of reserve and pep throughout the normal driving range. We merely have leveled off the high-speed horsepower and converted the gain to fuel economy while still maintaining Oldsmobile's outstanding performance at normal driving speeds."

Metzel pointed out that with the tremendous reserve power in the Super "88" and "98," fuel economy has been improved eight per cent despite the fact that these cars will even outperform 1957 models.

Metzel added that the compression ratio of the 1958 Rocket engine has been boosted to 10 to 1. Torque is rated at 390 foot-pounds in the Dynamic "88" series with dual carburetion and increased to 410 foot-pounds in the "98" series and Super "88" series with four-barrel carburetion.

J-2 Rocket Engine

The increasingly popular J-2 Rocket engine, equipped with three dual carburetors and introduced by Oldsmobile in 1957 as another industry first, will be offered as optional equipment on all three series for 1958. Displacement in all Rocket engines is 371 cu. in.

The Oldsmobile executive pointed out that the throttle valve angle on the improved J-2 Rocket has been increased on the two end carburetors, thus providing a smoother transition from one of three-carburetor operation and a smoother idling function. The throttle linkage also has been redesigned to improve the opening and closing characteristics of the end throttle valves.

A new replaceable element for the air cleaner of the four-barrel carburetor has improved the filtering qualities and results in easier maintenance, Metzel said. The dual carburetor Rocket engine uses an aluminum mesh filtering element.

The radiator on the 1958 Oldsmobile is 1.65 inches wider than in 1957, increasing the frontal area to 515.7 sq. in.

Dodge: All-New Engine, Styling

An all-new engine, designed for top performance and improved fuel economy, has been teamed with swept-wing styling to keynote the 1958 line of Dodge passenger cars, to be featured at the Westlake Auto Show by Aero Motors, 7073 Mission street, Daly City.

The engine is the powerful 295 h.p. Ram Fire V-8.

Combining light weight, compactness, quiet operation and economy, the Ram Fire V-8 is standard on all Custom Royal and station wagon models. It also is available in a slightly larger version with the D-500 engine package offered on all Dodge Eights.

Setting the styling pace on all 1958 Dodge cars is the bold new front and grille design.

Dual headlights, standard on all models, are mounted in side-by-side fashion over overhanging front fender hoods, while the parking lights are housed in circular "bombs" at either side of the stainless steel grille.

Engineered to provide a better lighting pattern for safer night driving, each beam of the dual headlights has a specific purpose.

The inner lamps are designed exclusively for high beam operation, while the outer lamps provide the low beam and fill-in light for the "brights."

"Safety Firsts" on the 1958 Dodge include a safety package offered this year for the first time.

Constant Control power steering, power brakes, padded dashboard and padded sun visors comprise the single safety package, while other safety features include safety door latches and handles, and an independent emergency brake system—an exclusive in the medium price field.

Mechanical pushbutton controls, located to the left of the steering wheel and away from accidental contact by passengers, provide a further safety advance.

Two important engineering features, available for the first time on 1958 cars, are the Sure Grip differential and Constant Control power steering.

Torsion-Aire ride, consisting of torsion bar front suspension and rear springs mounted outside the frame rather than inside, is standard equipment on all 1958 Dodge models.

Temple Methodist Dinner Speaker Is Dr. John Wilkins

This Friday evening at 6:30 p.m. is the date for the next Fellowship Night dinner at Temple Methodist church, Junipero Serra boulevard and 19th avenue, announces Mrs. William Thedford, chairman of the Commission on Missions.

Tickets will be $1.25 for adults and 75 cents for children under 12. Reservations may be made by calling the church office, JU 6-1444. A babysitter will be in attendance to care for pre-school children.

The Commission on Missions, which is sponsoring the dinner, will present as speaker the Reverend Dr. John R. Wilkins, executive secretary of the California-Nevada conference board of missions, of the Methodist church. His topic will be, "Imperative Gospel in the World Today."

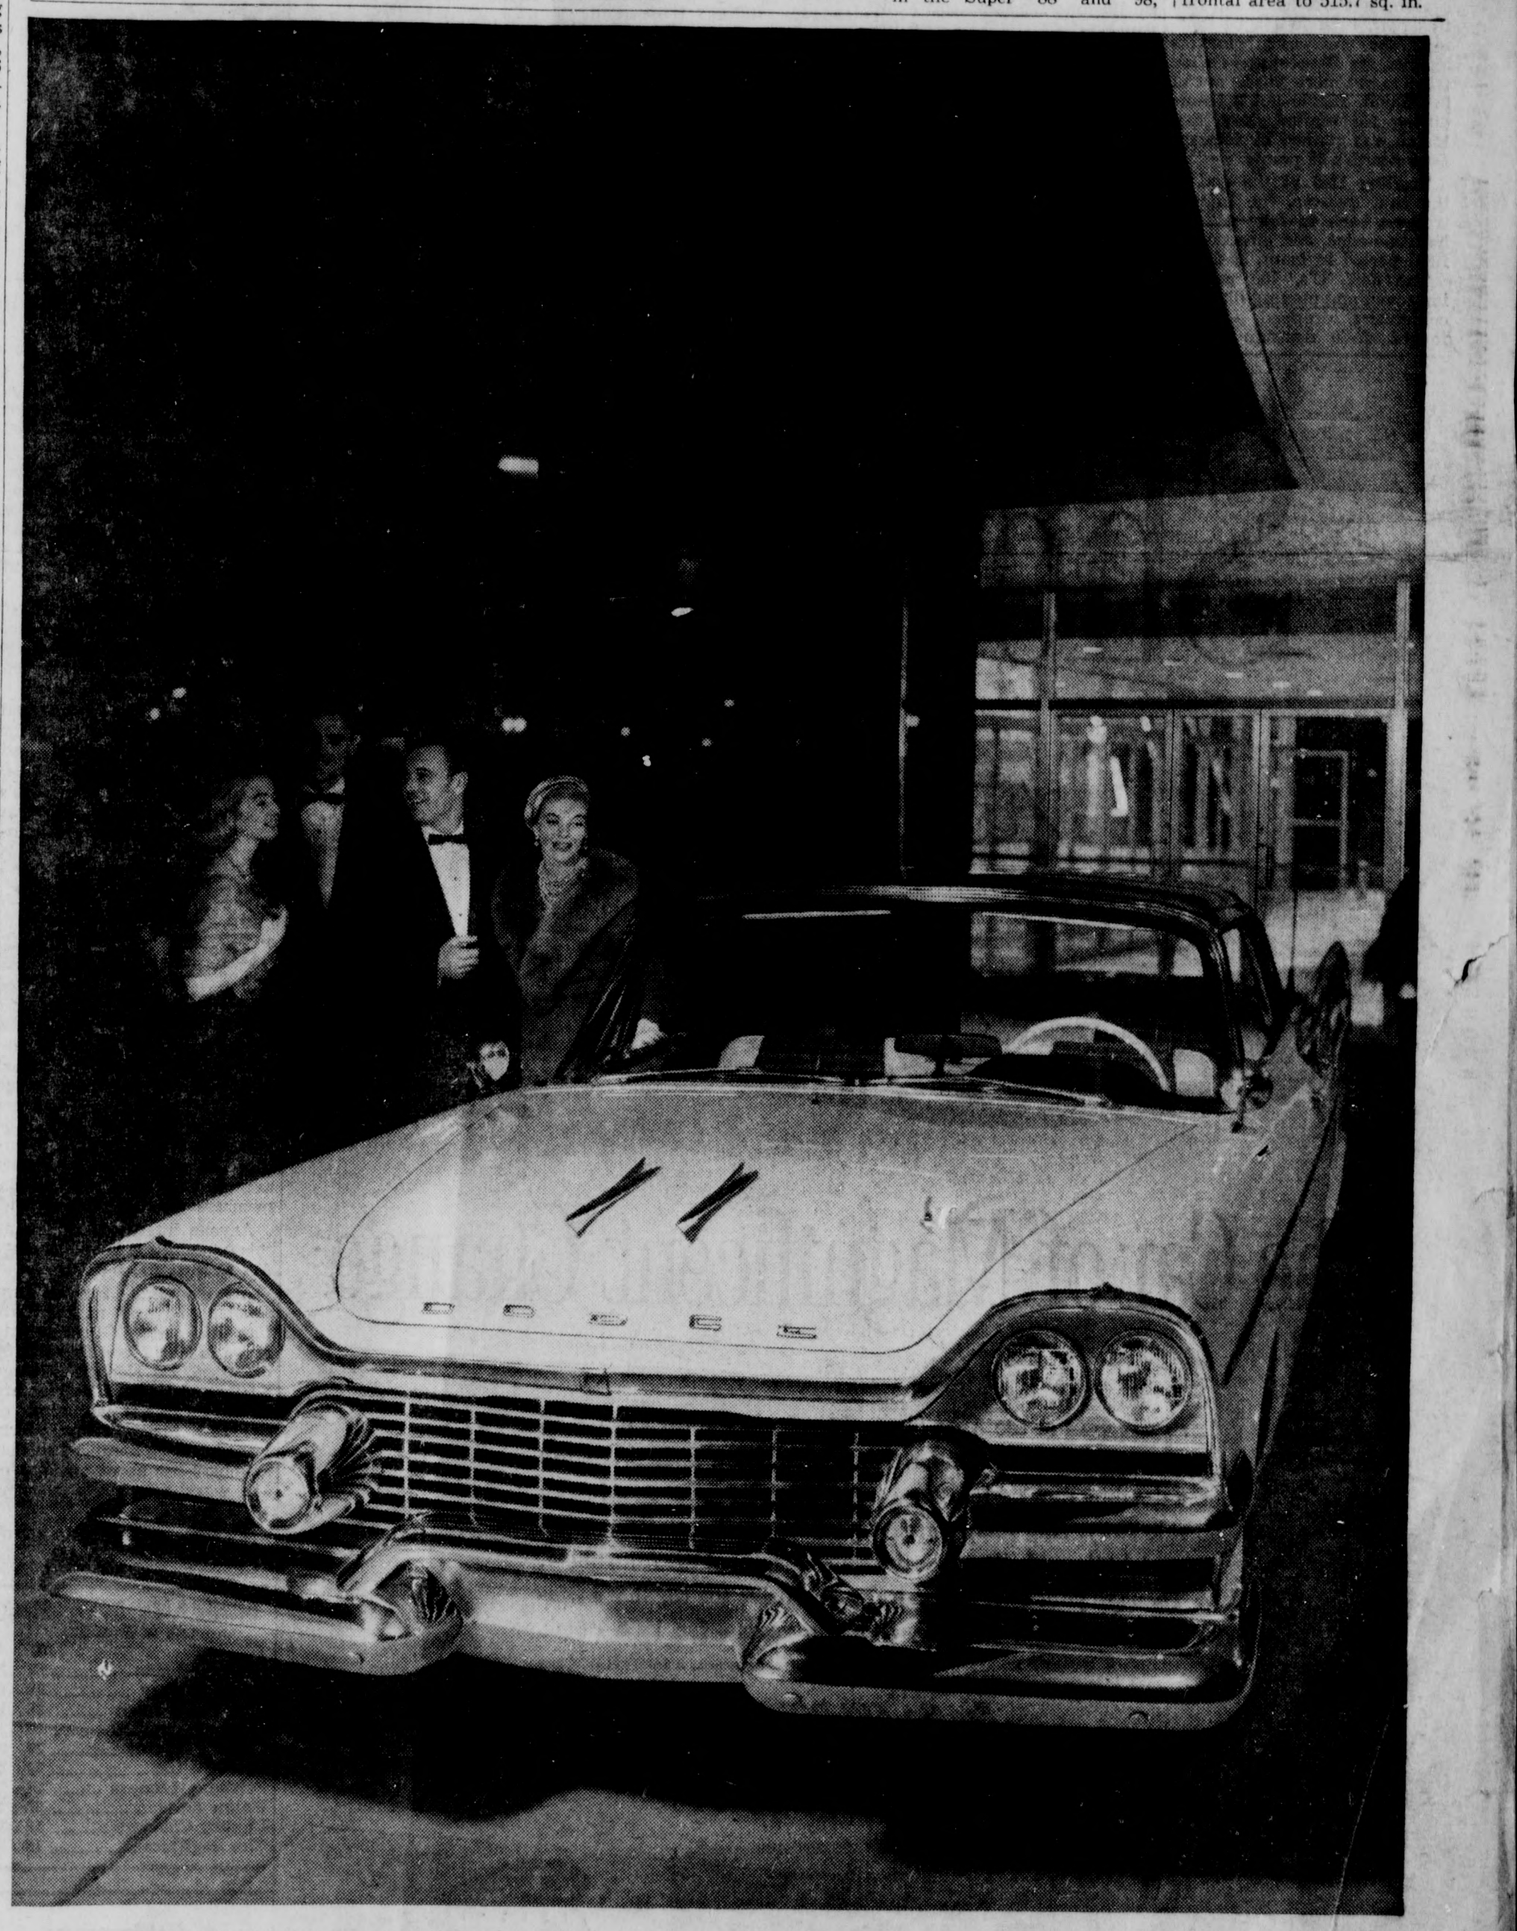
All members and friends are invited to avail themselves of this opportunity to hear Dr. Wilkins before he leaves the San Francisco area March 1, to assume his duties in New York as missionary education director for the Board of Missions of the Methodist church.

Fairmont Fashion Show A 'Sellout'

Mrs. Milton Reiterman, in charge of reservations for the Fourth Annual Fashion Show and Luncheon to be given by the Westlake Catholic Women at the Fairmont Hotel on February 1, and her co-chairman, Mrs. Thomas Gallagher, were the busiest ladies in Westlake last week.

In one morning they took reservations to accommodate almost 1000 ladies. This makes the affair, which is a benefit for the school building fund of Our Lady of Mercy Parish, a sellout again this year.

California ranks second to Pennsylvania in the number of daily newspapers published—123; Pennsylvania, 126.



HERE ARE SOME THINGS TO LOOK FOR when you size up the 1958 cars at the Auto Show. We suggest you start with a styling comparison because that's very important to you. Notice that while some of the cars are nearly as low as the Swept-Wing 58, it has been achieved by sacrificing windshield area. Check that. Then get into the driver's seat. See if the new driving position and the added visibility of Swept-Wing 58 don't give you a greater sense of comfort and confidence than other cars in Dodge's field. Most important, arrange to get a new Dodge on the road and test its great advances: No-sway Torsion-Aire, push-button driving, Constant-Control power steering that works full-time. Your Dodge dealer invites you to "check out" a Swept-Wing 58 after seeing it at the show. To own it is a new adventure.

HOT TITLE HOPES

Jeff Hits 2nd Place; Hosts SSF 5 Next

By Roy Hurlbert

Grabbing second place Tuesday with an easy 53-39 win over sorry San Mateo, Coach Mike Orlich's Jeff High varsity cagers continue their march to the Peninsula League championship this Friday night here against traditionally rough South San Francisco. The twin bill, 30's on the floor first, starts at 7:30 o'clock.

The Tribe (4-1), bothered only by a first-game loss to unbeaten Capuchino (5-0), actually played listless ball in downing SM. Orlich thought his troops were looking ahead —a fatal factor sometimes. But the Bearcats fortunately were too futile to take advantage of Jeff's attitude.

The head man, as usual, expects a rough go from South City (3-2), a club led by high scoring guard Steve Anderson and forward Fred Nebiolini.

Mike will start his deadly fivesome of forwards Gene Firth and Bob Berry, Dennis "Real Menace" Marc at center, and the Peninsula's best guard partners, Gary Ryan and Barrie Haanen.

It was Ryan and Marc who carried the load Tuesday. Gary potted 15 points and the 6-5 Jeff center, who has hit 26 and 29 in individual games this season, got 14. Haanen, like this pair, high in league scoring, sat out two quarters against the Bearcats as Orlich tried to get more hustle out of his squad. Barrie got 8 points during his limited duty. San Mateo was gunned by forward Fred Smith's 15 points.

Trailing 11-9 at the end of the first quarter, the Indians trudged back to take a 24-16 halftime edge, and entered the final period in front, 35-29.

The Jeff 30's, 100 percent improved and playing like title contenders, dropped a hard-fought 47-40 decision to the Bearcat lightweights. Pretty good show for Steve Mezzera's kids since SM's only loss in five games was to unconquered Cap.

George Ojakian and tiny Ino Patron shared Jeff's lightweight punch with 14 points apiece. Mezzera was much impressed with the work of his other starters, center Alan Lee, Art Banos and Ron Kalinin.

The setback left Jeff's 30's with a 2-3 mark.

After South City, Jeff's teams battle Burlingame (February 7) and San Mateo (February 11), there and here, respectively.

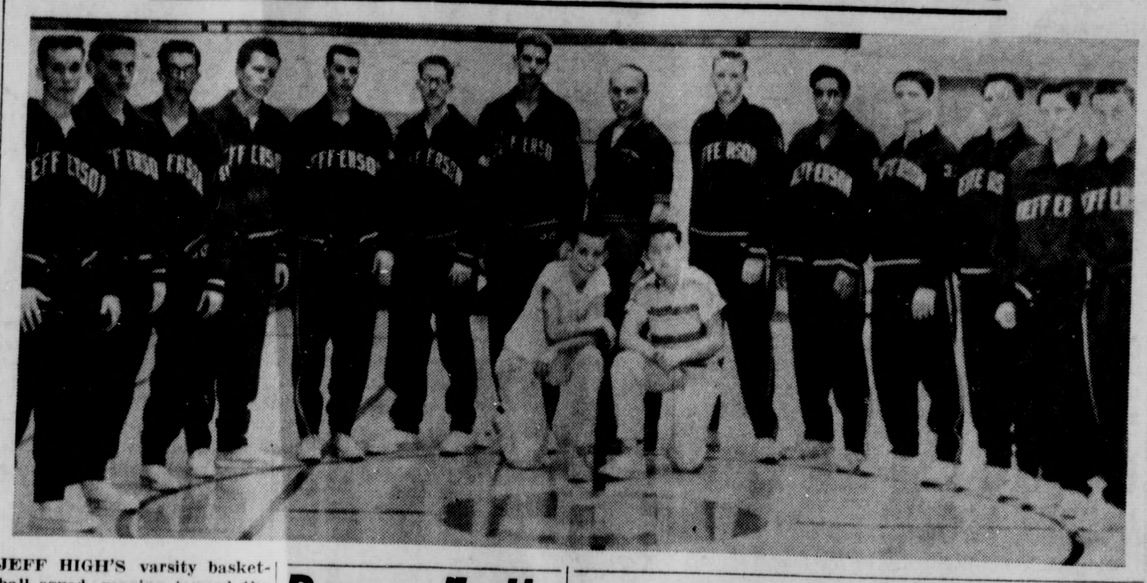
Yo-Yo Contest Action Continues

Yo-yo contest eliminations are in full swing at all local playgrounds, sponsored by the DC Department of Parks and Recreation. City-wide finals will be held on Saturday, February 15, at War Memorial community center.

Advancing in the preliminaries have been Franklin Welch, Vic Schuchart, Gary Magness, John Milo and Peter Pollat—to name a few.

Youngsters are asked to check with their playground leaders for dates of competition.

HEADED FOR ALL THE MARBLES



JEFF HIGH'S varsity basketball squad, roaring toward the Peninsula League championship, host arch-rival South City this Friday night in the second game of a doubleheader which begins at 7:30 in Jeff gym. Left to right: Wayne Lewis, Gary Ryan, Gene Firth, Dick Fudge, Bob Berry, Barrie Haanen, Dennis Marc, Coach Mike Orlich, Ernie Howren, Pete Garcia, Richard Scatena, Roy Reitz, John Featherstone, Gary Romriell. In front are team managers Bobby With and Sonny Stoller.

Rams Fall To Knights By 53-36

Hillsdale handed Westmoor's varsity Rams their fifth Peninsula League loss in six games Tuesday, downing the Daly City squad, 53-36.

The Knights, still in the title picture, cleared the bench against the reserve-thin locals. Westmoor led only once, 10-9, at the end of the first quarter. It was 25-17 at the half.

Center Bill Myer was game high for the winners with 12 points. Ross Holmgren, the fine Ram junior, dropped in 11.

Hillsdale took the lightweight game, 31-22, dropping the Ram 30's to a 1-5 mark. Cap leads this division with 5-0.

This Friday night Coach Tony Giammona's varsity plays the SF State JV's in the Gator gym.

Examiner's Basketball Staff To Invade DC

The SF Examiner's 11th annual Basketball School, directed by former Stanford All-American Hank Luisetti, will set up camp at Daly City's War Memorial building on Friday night, February 7, from 7:15 to 9:15 o'clock.

All youngsters in the greater Daly City area are invited—free — to attend the class. Luisetti and staff, all "greats" as collegians, will instruct the finer points of the game.

Kids are not required to bring their own equipment, but those with tennis shoes are advised to wear them.

Luisetti's crew opened classes in San Francisco last Tuesday, with eight engagements scheduled, climaxed by the school's shooting championships on Sunday, February 9, at Kezar Pavilion, San Francisco. Awards will be presented on that date to winners and runnersup in each age group. Boys will be divided into two brackets, 12 years and under and 13 and over.

Dee Van Nest, city parks and recreation director, invites parents to attend the War Memorial class on February 7.

President John Coleman, Police Athletic League, said all 180 of his PAL members will be on hand to get pointers from some of the game's finest stars.

Luisetti's staff consists of Will Ryan, varsity coach of Abraham Lincoln High; Jim Keating, varsity coach at St. Ignatius High; Bob Walker, ex-University of California standout; Kevin O'Shea, All-American team captain from Notre Dame University, and Fred Scolari, former player-coach of Baltimore in the National Professional League.

Marc Hits For 29 In Tribe Win

Long Dennis Marc, at 6-5 the Peninsula League's finest center, jammed 29 points through the basket Friday night here as Jefferson's varsity cagers befuddled Hillsdale's Knights for a 59-40 victory.

The win hoisted Mike Orlich's Daly City squad to a tie for second with South City, which lost to unconquered Capuchino (5-0) by a 69-30 count.

The Indians, 3-1 entering the week's contests with San Mateo and South City, get a chance to revenge their lone loss when they host Capuchino in a "game-of-the-year" on Tuesday, February 18.

The Knights, down 17-7 at the end of period number one, trailed at halftime, 29-17. Jeff's regulars and reserves breezed in the final two quarters.

Forward Puzzy Firth and Guard Gary Ryan each hit for 11 points. Hillsdale's high lad was Ed Cyster with 10.

Steve Mezzera's Jeff 30's evening their league record at 2-2 winning the the preliminary, 22-20.

DC Rod, Gun Club Sets Lodge As Meeting Place

The Daly City Rod and Gun club at their last meting voted to accept the Westlake Lodge as their permanent meeting place. The next meeting will be February 5 at 8 p.m. at Westlake Lodge, 307 South Mayfair avenue, Daly City, and all the members are urged to attend.

Anyone interested in joining this organization should contact Art Craner, PL 5-5376.

Arrangements for the first shoot to be held at the Daly City Rod and Gun's private range in Half Moon Bay will be discussed. Ed Nenstiel, George Scally and Howard Hefrfon are in charge of the laying out of the new range. The yearly lease has been arranged so that members can shoot any day of the week by merely showing their dues card.

Visitors are invited to attend any meetings.

Rodents Forfeit Easy Victory Over Brisbane

Watso's Rodents scored a 64-24 win over Brisbane's Cave Dwellers last Wednesday in the High School League, but the victory didn't count.

Able to field only four players for the opening tipoff, the Rodents had to surrender their unbeaten record and the game by forfeit. Five players must be on hand for each squad.

The Brisbaners lead the league with a 3-0 mark.

Rich Barsotti hit 31 points for the Rodents in the no-count affair. He's the hottest player in the loop to date.

Daly City Pistons defeated the winless Colma Cats, 35-29, in the other game.

High for the Pistons were Bill Hopman with 13 and Sonny Richmond with 11. Mike Kennedy got 9 points and Ron Rivera had 2.

CITY BASKETBALL

Falcons, Colma Five Cinch Cage Crowns

Ben Franklin's sixth grade Falcons and Colma school's seventh graders cinched City Recreation League cage titles Saturday with convincing wins at War Memorial building.

With Bruce Hix and Ron Johnson each scoring 8 points, the Falcons took their sixth straight with a 27-16 decision over Our Lady of Mercy.

Colma's unbeaten seventh graders decisioned OLPH, 26-13, with Dan Hermasillo and Frank Gallegos tallying 10 each. It gave the winners a 4-0 mark.

Showdown in the eighth grade league comes this Saturday at 1 p.m. when the two contenders, OLPH (5-0) and the Police Athletic League five (4-0) clash. OLPH picked up a forfeit win over Colma last week, while the PALs, led by Ron Montoya's 12 points routed Olympia school, 47-14.

The championship Ben Franklin sixth grade roster includes center Steve Milan, Ed Perry, Jim Orlich, Jim Fisher, Nicky Freibert, Dale Atwood, Ed Raymond and Marty Wrist.

Colma's seventh grade king depended heavily on Sam Hermasillo, Steve Connole, De Sarto, R. Marshall, John Lay, Dale Balestreri and Joe Cava.

Other results Saturday found Westlake school winning by forfeit over Lincoln par sixth grade; War Memori bombing Westlake school, 19, in the seventh grade, a St .James stomping the Cro ker Pirates, 49-11, eigh grade. WM's Wayne Stolle with 14, and Jim Smith, wi 16, spearheaded the victori

Panthers Roll Past Westmoor

Scoreless in the first quarter and behind 21-8 at halftime, Westmoor's varsity cagers dropped a 53-39 Peninsula League decision to Burlingame here Friday night.

Socked by Daly City's other entry three days earlier, the Panthers went full throttle to down the Rams of Coach Tony Giammona. Victory gave Burlingame a 2-2 mark, leaving Westmoor 1-4.

Walcha was the enemy high scorer with 15 points from his guard post. Bill Dougherty, the sizzling soph, was Ram gunner with 12. Dave Simmons, a boy coming into his own as a court ace, tanked 9 for Westmoor.

Burlingame's high-geared lightweights took the Ram 30's by storm, 55-26. Bob Goodwin, the sparkplug of the Westlake squad, managed 11 points.

The Ram cagers met Hillsdale in San Mateo early this week. This Friday night the varsity tangles with the SF State JV's on the Gator hardwoods.

Teams Needed For DC Adult Cage League

Department of Parks and Recreation today listed February 24 as deadline for teams to enter the Adult Basketball League, with night games scheduled at War Memorial building, beginning on Tuesday, March 4.

The round-robin league, with competition lasting more than a month, is open to 12-man teams. Each squad must file an entry fee of $35 to pay for expenses, such as referees, scorers, timers, trophies and equipment.

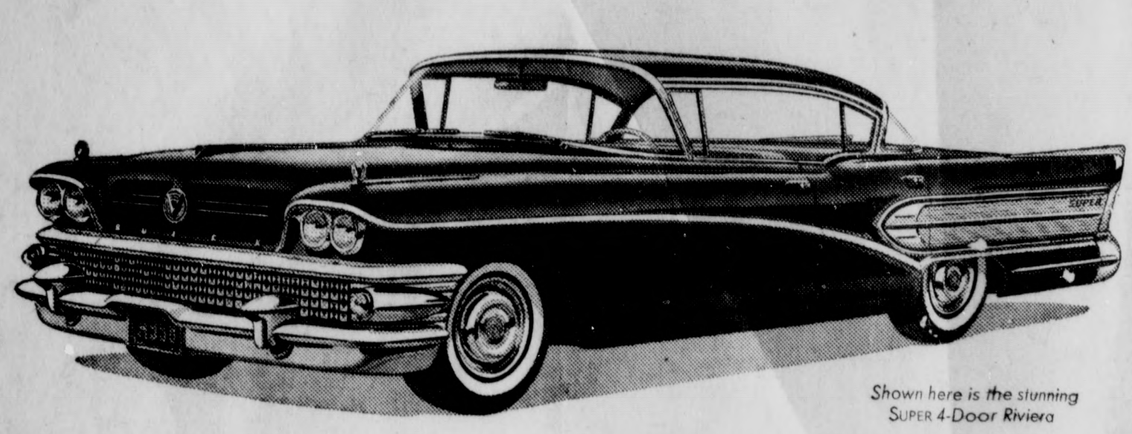
Though the league is designed primarily for college students and working adults, high school boys may participate.

Individual trophies will be awarded to members of the championship team. Runnerup gets a sponsor's trophy.

Players need only bring gym shoes and shorts. Sponsors for teams are welcome.

Groups interested in entering the competition can secure entry blanks and additional details by calling Director Dee Van Nest, Parks and Recreation Department, PL 5-0 Extension 18.

Show Star



Shown here is the stunning SUPER 4-Door Riviera

The Car of Magnificent Change

THE STAR at the Auto Show *this year* is the Air Born B-58 Buick. And no wonder. There's fresh new styling. There's a dazzling new performance story. There's a great new luxury ride story. And there's a new peak of quality craftsmanship straight through. So go see the Buick display at the Auto Show. Then see your own Buick dealer and drive the car that's winning more raves than any Buick in years – the 1958 Buick.

Every window of every Buick is SAFETY PLATE Glass

See the AIR BORN B-58 BUICKS at the Auto Show

There's nothing else like them

GM 1908-1958

This is the SPECIAL 2-Door Riviera, now priced closer than ever to similar models of the well-known smaller cars—even below some models of the so-called "low-priced three."

It looks and feels like flight on wheels

NOW—more than ever—
When better automobiles are built
Buick will build them
